Town Manager's Office

TENTATIVE -
SUBJECT TO
REVISION

BUSINESS AND ADMINISTRATIVE COMMITTEE MEETING

AGENDA

Thursday, September 9, 2021
9:30 a.m.

Via Zoom Only

<https://us06web.zoom.us/j/84884422991>

I. CALL TO ORDER AND ROLL CALL

Lew Crampton, Committee Chair
Bobbie Lindsay, Committee Member

II. PLEDGE OF ALLEGIANCE

III. APPROVAL OF AGENDA

IV. COMMUNICATIONS FROM CITIZENS

V. REGULAR AGENDA

A. Old Business

1. Update on Implementation of Paid Parking on the 100 Block of Worth Avenue
Jay Boodheshwar, Deputy Town Manager
2. Discuss Results of Centralized Valet RFP
Jay Boodheshwar, Deputy Town Manager
3. Further Consideration of Implementation of Placard Parking on Eastern Portion of the 400 Block of Peruvian Avenue
Jay Boodheshwar, Deputy Town Manager

B. New Business

1. Proposed Modifications to Hours of Parking Enforcement and Paid Parking
Maximum Hours Permitted for Purchase
Jay Boodheshwar, Deputy Town Manager

VI. ANY OTHER MATTERS

VII. ADJOURNMENT

PLEASE TAKE NOTE:

The progress of this meeting may be monitored by visiting the Town's website (www.townofpalmbeach.com) and clicking on "Meeting Audio". If you have questions regarding that feature, please contact the Office of Information Technology (561) 227-6315. The audio recording of the meeting will appear within 24 hours after the conclusion of the meeting.

Disabled persons who need an accommodation in order to participate in the meeting are requested to contact the Town Manager's Office at 838-5410 or through the Florida Relay Service by dialing 1-800-955-8770 for voice callers or 1-800-955-8771 for TDD callers, at least two (2) working days before this meeting.

Re: Update on Implementation of Paid Parking on the 100 Block of Worth Avenue

Date: September 3, 2021

STAFF RECOMMENDATION

This item is informational only.

GENERAL INFORMATION

At the July 13, 2021, meeting, Town Council approved the implementation of paid parking on the 100 block of Worth Avenue for the spaces highlighted below in green, for consistency with the other ocean blocks streets and to disincentivize beachgoers from parking on Worth Avenue. Like the other ocean blocks in the mid-town area that have paid parking spaces, kiosks will NOT be installed on Worth Ave. Instead, motorists can pay via ParkMobile (ParkMobile Zone 4607) or at a kiosk located on S. Ocean Blvd. To accommodate short-term visitors on this block of Worth Avenue, Council approved the designation of 3-4 on-street spaces as “free 30-minute” for customers stopping for coffee or to pick up merchandise. In consultation with the Worth Avenue Association, the 4 spaces identified in blue on the map below will be the 30-minute spaces.

Our Public Works team is in the process of preparing for the installation of new parking signs in the weeks ahead to advise motorists of the new paid parking and 30-minute regulations on the 100 block of Worth Avenue.

Re: Results of Centralized Valet RFP

Date: September 3, 2021

STAFF RECOMMENDATION

Staff recommends the Business and Administrative Committee (BAC) review the information below, and provide input on its desired path forward.

GENERAL INFORMATION

As you are aware, the Town issued RFP 2021-19 to seek proposals for the implementation of Centralized Valet in the Town's business districts. The initial interest in this service was surprisingly high, as evidenced by the nineteen (19) companies who reviewed the RFP and the seventeen (17) who participated in a pre-proposal meeting with staff on July 28, 2021. See Purchasing Manager Dean Mealy's memo dated August 18, 2021, for more details.

Regrettably, no proposals were submitted to the Town so we reached out to the companies who had expressed interest to inquire as to why they decided not to submit. Generally speaking, most of the companies advised that they didn't feel there was a justified profit margin to pursue the service. One of the companies advised that the start-up costs would be as much as \$20,000 for valet podiums, signage, radios, uniforms, insurance, rental spaces, etc., and felt this was too large and risky of an investment for a contract with a "for convenience" cancellation clause. Said company suggested that there are two factors that are a must to implement a successful contractual valet service. (1) A monthly service fee would be required from the Town to subsidize the operations and (2) sufficient and dedicated parking must be provided.

Staff is recommending we hold off on the issuance of another RFP for now and continue addressing other pending parking matters. We believe the regulation changes recently made, coupled with other issues pending before the BAC and Council may have influence on how a subsequent RFP may be developed.

MEMORANDUM

TO: Jay Boodheshwar, Deputy Town Manager
FROM: Dean Mealy, CPPO Town Purchasing Manager 
RE: RFP 2021-19, Valet Parking
DATE: August 18, 2021

Please be advised that the RFP 2021-19 for Valet Parking closed today. It had been issued on July 18, 2021 for thirty days.

Town Purchasing reached out to sixteen (16) firms inviting them to participate by email and a follow-up phone call. Additionally, purchasing broadcast the solicitation nationally through DemandStar and advertised to 119 firms.

As part of the procurement process, a pre-proposal is held to address any potential proposer's questions or concerns. This meeting was held on July 28, 2021. Seventeen potential firms participated in the Go-to-Meeting which was not mandatory.

Nineteen (19) firms reviewed the solicitation online through the Town's e-bidding platform.

When the solicitation closed today, no proposals were submitted. Please let me know if you would like to revisit reissuing this solicitation.

Should you have any questions, please do not hesitate to contact me.

From: Jay Boodheshwar, Deputy Town Manager

Re: Further Consideration of Implementation of Placard Parking on Eastern Portion of the 400 Block of Peruvian Avenue

Date: September 3, 2021

STAFF RECOMMENDATION

Staff recommends the Business and Administrative Committee (BAC) review the information provided below, relative to the 400 block of Peruvian, and provide direction to staff.

GENERAL INFORMATION

At the May 28, 2021, BAC meeting, committee members discussed the fact that there is a large waiting list of individuals who would like to participate in the placard program, with 139 of them interested in the areas closer to Worth Avenue. A space utilization study on the 400 block of Peruvian, from February 3 – 9, 2021, discovered that the 43 residential permit parking (RPP) spaces on this block are rarely occupied by more than 50% between the hours of 9:00 am and 6:00 pm. After much discussion, the BAC determined that it was appropriate to reallocate nine (9) of the underutilized RPP spaces on the southeastern portion of this block to a 2 hour time-limited regulation and expand the 300 Block Peruvian Avenue placard program to this block.

The BAC's recommendation was subsequently considered by the Town Council on July 13, 2021, and approved as recommended. However, at the July 14, Development Review meeting, Council reversed its decision and ask the BAC to further discuss this matter. The concern about the conversation of the spaces in question to placard parking centered on the concern that the existing 24/7 RPP regulation on this block was a condition of the streetscape project that was

approved years ago. Staff conducted an exhaustive review of the streetscape project records and could not locate any parking-related conditions related to the project's approval.

Staff also reached out to former Town Manager, Thomas Bradford, who served as the project manager for the Peruvian streetscape project to inquire into any conditions related to parking. Mr. Bradford advised that he had formed a group of block representatives to help him navigate changes to the 400 block's parking setup. His recollection was that process started after the improvements were approved since he did not want parking issues to "muddy the waters" of getting the improvements implemented. He advised that there was no linkage between doing the improvements and making parking changes, although he knew some neighbors wanted changes, but without any specifics other than complaints about the noise of car doors closing, etc. He advised that he would not have conditioned approval of the improvements with a specific parking regulation, knowing full well the Town Council could change on-street parking at any time for any reason. He recalled telling the group that changes were not set in stone and that if changes were made in the future they would have to address their concerns, if any, with the Town at that time.

Re: Proposed Modifications to Hours of parking Enforcement and Paid Parking Maximum Hours Permitted for Purchase

Date: September 3, 2021

STAFF RECOMMENDATION

Staff recommends the Business and Administrative Committee (BAC) review, provide feedback, and approve the proposed modifications to hours of parking enforcement, as well as the maximum number of hours one can purchase in paid parking areas.

GENERAL INFORMATION

Days/Hours of Parking Enforcement

As the attached spreadsheet outlines, the days and hours of parking enforcement vary throughout the town. Some streets are “enforced” 24/7, while others are limited to Monday – Saturday for partial hours each day. In an effort to provide greater consistency throughout the Town’s commercial areas, staff is recommending eight (8) modifications to “days of enforcement” on various streets. Further, staff is recommending nine (9) modifications to “hours of enforcement” on various streets. Please see highlighted locations on the attached for more details.

Maximum Hours Permitted in Paid parking Areas

The maximum number of hours that can be purchased in paid parking areas via kiosk or ParkMobile varies from 2 hours to 12 hours. In an effort to provide enough time while promoting turnover, staff is recommending sixteen (16) modifications to the maximum number of hours one can purchase in various paid parking locations throughout the Town. All of the proposed modifications reduce the number of hours by various amounts. Please see highlighted locations on the attached for more details.
