Re: FY19 Budget – First Public Hearing - Tentative Millage Rate and Budget Approval.

Date: August 31, 2018

STAFF RECOMMENDATION

Staff requests that the Town Council approve Resolution No. [121-2018](#) for the tentative millage rate and Resolution No. [130-2018](#) for the proposed budget for FY19.

Staff also requests that the Town Council approve Resolution Nos. [122-2018](#), [123-2018](#), [124-2018](#), [125-2018](#), [126-2018](#), [127-2018](#), [128-2018](#), [129-2018](#) all relating to the Town's Non Ad Valorem Assessments.

GENERAL INFORMATION

At the July 9th Special Town Council meeting, the Town Council reviewed the proposed budget and millage rate for FY19. The Town Manager recommended a change in the amortization period from 25 years to 15 years for the Town's pension system. The Town Council referred this matter to the Retirement Board for review. The Retirement Board met on August 24, 2018 and recommended a joint meeting with the Town Council. This meeting will not be held until after the start of the new fiscal year. We recommend that the funding for the 15-year amortization remain in the FY19 budget and if a different plan is recommended that is for a longer amortization period, there will be sufficient funds available to fund the most conservative potential action.

Staff also recommended a review of the Coastal Protection Fund in light of recent grant awards. Finance staff worked with Rob Weber, Coastal Program Manager, to review the amounts reserved for each account and determined that a total of \$3,400,740 could be closed out from various accounts and returned to the reserves. These excess reserves and the additional grant funding could reduce the annual Town contribution to the coastal program from \$7,349,124 to \$5,300,000. The new annual contribution would be sufficient, along with the reserves to fund all of the projected costs of the coastal projects for the next 10 years. We are however, recommending that we wait to make this change until we have further information regarding the scope and cost of a Clark Avenue/Breakers/Mid-Town shoreline stabilization project that we should receive within the next 6 - 9 months. No funds have been

budgeted for this project and the amount of Town participation is unknown. Once the matter is fully vetted and a final budget known, then any remaining funds could be used to reduce the annual funding for FY20 and beyond.

For FY18, barring a severe storm event, we expect to add over \$4 million to unassigned fund balance once the audit is complete.

The attached exhibit shows the proposed final General Fund budget for FY19. This budget includes the Recreation Center and Tennis program budgets and revenues added in to the totals. There has been no change to the total budget since the July 9th meeting.

An updated copy of the budget message is included for your convenience in this backup.

TOWN OF PALM BEACH
EXECUTIVE SUMMARY
FY2019 PROPOSED BUDGET

Executive Summary

Town of Palm Beach, Florida

September 13, 2018

Honorable Mayor, Town Council and Residents of the Town of Palm Beach;

The proposed FY2019 budget, represents staff's initial efforts to reduce expenditures and begin reorganizing Town operations to ensure the most efficient and effective delivery of high quality public services. The goal was to come up with \$5,420,000 in expenditure cuts or revenue enhancements and we have met this goal. A thorough review of each departments' proposed budget and their operations was completed. Through this process, we examined each expenditure line by line and we were able to reduce expenditures in all department budgets, which includes the reduction of 14.65 FTEs, of which 2 have been supplanted by contractual services. Each Department is presenting a FY19 operating budget that is less than the LTFP and less than their FY18 budgets.

This proposed budget is the result of the initial work in finding efficiencies and applying lean government principles on a Town-wide basis. This is a continuous process as there is still more work to be done. We expect to see further reductions in both expenditures and positions in FY20 and beyond. Through attrition, each position and its related responsibilities will be examined to determine if the position is still needed or can be restructured before automatically backfilling.

We have made significant progress with procedural improvements in the procurement process and the sale of surplus equipment. Fiscal year to date the Purchasing staff has measurably generated \$143,321 in cost savings through negotiations of awards, and restructuring of contracts to allow for Direct Owner Purchases. We have generated more competition, conducted more active negotiations and have adopted better business practices. Staff has implemented a new process for the sale of surplus items online. Not only is this process more efficient and saves costs in transportation, overtime and seller premiums, it also has generated additional sale revenues due to more aggressive bids. Since November 2017, we have received \$220,475 from the sale of surplus items. During the same period in FY17, the Town received payments of \$25,056 for surplus sales.

We are recommending a reduction of the UAAL amortization period from 25 years to 15 years. This change will cost an additional \$1,440,000 in FY19 but the total interest expense savings over the next 25 years versus the current 25-year amortization is \$47,800,000. With this change, and the additional contribution of \$5,420,000, the UAAL could be completely eliminated in approximately 10 to 11 years. The Town is currently paying interest expense on the UAAL at a rate of 7.3%, leading to an annual interest payment of over \$7.1 million and a current principal payment of less than \$1 million. I believe the high interest expenses we

Executive Summary

are incurring under our current amortization plan is not fiscally prudent. Therefore, we have included in the FY19 proposed budget a 15 year amortization plan.

Once the pension plan is fully funded at 100%, the new annual obligation will be roughly \$1.5 million (in today's dollars) which will eliminate the need for the current payment levels of over \$16 million. **The funding for this change to the amortization period is included in the proposed budget with no increase in taxes for a homesteaded property owner.**

We worked with the actuary to develop alternatives to reduce the UAAL more quickly. The following options were considered:

	Current 25	20 Year	15 Year	10 Year
Annual Cost	9,300,000	9,870,000	10,740,000	13,580,000
Additional Cost over current payment		570,000	1,440,000	4,280,000
Interest Savings		26,900,000	47,800,000	73,500,000

Another change that was made in the proposed FY19 budget was the elimination of the Recreation Enterprise Fund and the creation of two independent business enterprise funds for the Town Docks and Par 3 Golf Course. The Recreation Administration, Recreation Center and Tennis program expenses and revenues have been transferred into the General Fund. These actions effectively resets the budgeting models for these programs as they were in FY2003, before the Recreation Enterprise Fund was created. The transfer from the Town Docks and Par 3 will be set at an amount to cover the Recreation and Tennis expenditures so the net effect on the General Fund is \$0 for this transitional year. This change will allow for better transparency, relative to the expense/revenue ratios for each individual program/facility.

General Fund

Historical Trends – Expenditures

For purposes of this discussion, we are providing the spreadsheet following this section to illustrate the trend in expenditures by category since 2009 to enable the reader to understand where the growth has come from and to better understand how the FY19 budget compares to previous fiscal years. We compare the FY19 budget first to FY12 because it was the lowest total budget year in the past decade. We also describe the change since FY09 because that was the highest budget year to date and the catalyst for future budget reforms.

The years FY2009 through FY2017 represent actual costs, FY2018 numbers are the adopted budget, and FY2019 represents the proposed budget.

The overall General Fund expenditures have increased since FY09 by a total of 23.43% or 2.13% per year for the last 11 years. Since FY12, expenditures have increased by 45.85% or 5.7% per year for the past 8 years. We highlight operating expenditures on the spreadsheet to differentiate the costs of the day-to-day operations versus other expenditures of the Town,

Executive Summary

such as capital improvements, coastal project and large transfers to various funds. Since FY09, operating expenditures have decreased \$107,733 or -.19%, and since FY12, operating expenditures have increased by \$10,377,455 or 22.76%. Transfers and other expenses since FY09 have increased by 158.66% or \$15,544,579 and since FY12, these expenses have increased \$14,694,952 or 138.02%. Highlights of the major increases since FY12 are described below:

- ❖ The largest driver of expenditure increases since FY12 were pension costs for current employees and retirees receiving legacy benefits, which increased \$6,075,225 plus the extraordinary contribution of \$5,420,000 and the proposed \$1,440,000 to reduce the amortization period. These costs represent 51.6% of the General Fund total increase during this time period.
- ❖ The next largest increase was the transfer to the coastal protection fund, which increased \$3,389,124 or 13.5% of the total. In FY15, \$4,777,000 was added to Town taxes to begin developing a permanent funding source for the coastal program.
- ❖ Contractual costs have increased \$2,787,868 (11.12% of the total) over the period due in part to contracting out many Town services that used to be performed by Town staff. Increases in sewage treatment and disposal costs alone contributed to the increase of contractual costs by \$1,011,752 since 2012, with a \$444,460 increase in FY19 alone.
- ❖ Debt service costs increased \$2,494,738 or 9.95% of the total increase since 2012 due to the issuance of the 2013 revenue bonds.

These four expenditures represent 86.2% of the increase over FY2012. Other important budget trends since FY12 include the following:

- ❖ Salary and wages increased \$1,994,450 or 8.44% over the 8-year period representing a 1.21% average annual increase. Salary freezes, employee turnover and a modified merit pay system have kept these costs down.
- ❖ Since 2012, total FTEs have decreased from 362.65 to 356.22, with all of the decrease occurring in the proposed FY19 budget through the elimination of 14.65 positions.
- ❖ Employee benefit costs over this time period have decreased by 14.33% or \$1,160,495. Most of this reduction is due to the decrease in the OPEB trust funding. It is important to note that during this period Town employee health insurance costs have declined \$20,227, while health insurance costs nationwide were experiencing increases.
- ❖ The longevity and performance bonus program also decreased by \$166,274 over the 8-year period.
- ❖ Depreciation costs have increased \$560,844 during this time period due to higher costs for the Town's large heavy duty equipment and vehicles, despite the elimination of some equipment and extending the life of most equipment.

Executive Summary

- ❖ The Four Arts Library funding has increased \$72,658 due to the programmed 3% per year increase in funding plus an additional contribution in FY17. The total contribution to the Four Arts Library for FY19 is \$345,058.
- ❖ The other category increases which include commodities, and Risk Insurance increased by less than the rate of inflation over this time period.

To put the FY19 proposed budget into further context, if we were to look back 11 years and compare the FY19 budget to the FY09 budget:

- ❖ Total expenditures have increased by 23.43% (2.13% annually) and total operating costs decreased \$107,733 or -.19%.
- ❖ The pension costs including the annual required contribution, the extraordinary contribution and the additional funding to lower the amortization period contributed to 62.9% of the total increase for a total of \$9,716,547.
- ❖ Salary costs decreased by \$1,724,743 and benefit costs declined by \$1,984,535. Total FTEs decreased from 410.39 in FY09 to 356.22 in FY19, a decrease of 54.17 employees.
- ❖ Contractual costs increased by \$1,093,779 or 12.55%. This increase is due to contracting out services and increases in sewage treatment and disposal costs.
- ❖ The Transfers and other category, which include funding for the Four Arts Library, debt service, coastal funding, capital improvement funding, risk funding, the recent extraordinary retirement contribution, and the funding for the amortization change in total have increased \$15,544,579 or 138.32% over the 10-year period and accounted for all (100%) of the total increase.

Executive Summary

FY19 Budget Presentation

Online the Town Council and citizens will find two sets of documents that were provided for the public hearing on July 9th. One document contains the program-by-program detail of the General fund and other fund budgets. The other document contains the budget “flex sheets” which show the budget detail by line item and the budget detail sheets for certain accounts throughout the General Fund. The detail sheets represent the detail that the budget team was presented when we began the budget review process. They have not been updated to reflect cuts that were made during this year’s intensive budget review.

To ensure full transparency, relative to the methodology for apportioning health insurance and retirement costs, please note the following:

- Health Insurance costs are calculated and then allocated throughout the budget on a per Full-Time Equivalent (FTE) basis. The Health costs per FTE for FY19 is \$10,511.
- Retirement costs are actuarially determined and then allocated throughout the budget per FTE for current and legacy plan costs. The Town’s actuarially determined contribution is \$9,631,447. Legacy plan costs represent \$8,085,882 of the total and the costs for the ongoing plan are \$1,545,564. The breakdown by employee group is shown below.

	FTE	Legacy Plan	Ongoing plan	Total Contribution
General	192	2,282,428	758,907	3,041,336
Lifeguard	3	178,457	13,131	191,588
Police	63	2,543,329	392,711	2,936,040

FY19 General Fund Revenues

The General Fund is the only fund to directly use property taxes as a revenue source. Property taxes (ad valorem taxes) represent the largest revenue source. Appearing on the following page is a millage rate table that shows what is recommended (highlighted in blue) versus the FY18 millage. The recommended FY19 millage rate represents a 2.14% reduction from FY18, which is a \$0 increase for homesteaded properties.

Executive Summary

	FY18 Millage Rate	FY19 with 15 Year Amortization
Millage Rate	3.2037	3.1350
Tax Revenue	\$51,470,500	\$54,210,963
Revenue Increase over FY18	n/a	\$2,740,463
Millage % Increase/Decrease vs. FY18	n/a	-2.14%
Homestead Value Increased by 2.1%	\$1,000,000	\$1,021,000
Town Taxes	\$3,044	\$3,044
Increase/(Decrease) over FY18	n/a	\$0
Non Homestead Tax Increase Ave 7.75%	n/a	\$174

The State of Florida requires the Town to calculate a rolled-back millage rate. The rolled-back rate is defined as the millage rate which provides the same property tax revenue for each taxing authority as was levied during the previous year (exclusive of new construction, additions, rehabilitative improvements increasing assessed value by at least 100%, annexations, deletions). The proposed millage is 5% over the rolled back rate of 2.9857. The rolled-back millage rate would represent a 6.8% decrease in the millage and would provide the homestead property owner a \$145 per million reduction in taxes. The rolled-back rate is required to be announced at the public hearings in September.

There are a number of revenue types in the General Fund, categorized on the table below:

Executive Summary

Significant highlights for General Fund FY19 revenues include:

- ❖ Based upon the Property Appraiser's Preliminary Certification issued July 1, 2018, existing property taxable values in the Town have risen 7.75% over the prior year. The total taxable value is \$18,202,287,698.
- ❖ There were several revenue increases approved during the Comprehensive Review of Town Operations (CROTO) and the estimated revenues are included in the FY19 revenue projections. Many of these fees are included in Resolution No. 083-2018 which is on the agenda to be adopted at the July 9th budget meeting. The ARCOM fees will be adopted at a future meeting. These revenues and the associated increases are shown below:
 - o Increase in ARCOM fees (+\$163,000)
 - o Increase for Right of Way Permits (+\$80,000)
 - o An increase in the Lien Search Fee (+\$35,000)
 - o An increase in the rates for special garbage pick-up service (+\$3,000)
 - o A new fee for private lateral locates and a cap-off and connection inspection fee (+\$18,000)
 - o Increase in voluntary ID card fee (+\$9,850)
 - o Increase in Valet Parking Permit Fees (+2,800)
- ❖ The Non Ad Valorem tax revenue has increased based on current trends.
- ❖ The increase in Licenses and Permits is based on current trends in permit revenue and the increase in the ARCOM fee mentioned above.
- ❖ Intergovernmental revenue is decreasing due to grants that were budgeted in FY18 that are not expected for FY19.
- ❖ Charges for services are increasing slightly because of the increases in the fees shown above for lien searches, special pick up services and new fees for private lateral locates. Parking meter charges are expected to increase slightly due to current trend. These revenue estimates do not include any new parking meter locations. If the Town Council decides to add new areas, those revenues will be adjusted in the future. These increases are offset by declines in special detail overtime revenue due to a decline in utilization as well as decreases in other public safety revenue trends. In addition, Recreation and Tennis fees are added into this category.
- ❖ Fines and forfeiture revenue increased based on historical trends.
- ❖ The interfund transfers represent a transfer of \$1,307,160 from the Town Docks and Par 3 Golf Course enterprise funds and a transfer from the Equipment Replacement Fund for funds that were set aside for the beach cleaning equipment that will not be replaced and the savings on the purchase of the quint fire truck totaling \$780,421.

Executive Summary

Highlights for General Fund expenditures are as follows:

Total operating expenditures decreased \$275,959 or .48% from FY18. Total transfers and other expenses increased \$2,252,948 or 9.76%.

Operating Expenditures:

- ❖ Salary and wages increased \$198,493 due to a reduction of 14.65 FTEs offset by the addition of the Recreation and Tennis personnel. The budget also includes merit pay increases (\$377,030) and a 3% adjustment to the pay ranges (\$165,490). Since a compensation and benefit study will not be completed and implemented until FY20, the current merit pay structure was maintained. Current CPI inflation for the Miami-Fort Lauderdale-West Palm Beach, FL area through April was 3.5%, the prior reading as of February showed 3.2% growth.
- ❖ The total annual required contribution for the defined benefit plan (DB) and defined contribution (DC) pension benefits increased by a total of \$120,942. This increase is due to the addition of the Recreation and Tennis personnel offset by the early

Executive Summary

payment discount applied to the actuarially determined employer contribution. Defined Contribution costs decreased by \$18,018 because of the reduction in staffing. It is important to note that 83.4% of the pension costs represents the costs associated with the legacy pension plan.

- ❖ Other employee benefit costs decreased by \$750,056 or 9.56%. Health insurance decreased by \$249,372 due to improved claims performance and fewer employees. FICA tax decreased by \$14,083 due to the decrease in the salary budget. The Longevity/Bonus program decreased by \$21,906 due to the phasing out of the longevity program accomplished through retirements. The cell phone allowance decreased by \$49,729 due to the reductions in the stipend provided to the employee.
- ❖ Included in Other Employee Benefits is the Transfer to the OPEB trust. The transfer to the OPEB trust fund decreased by \$524,617 from \$960,000 in FY18. In the recent actuarial report, the Town's funding level increased to 113.2% funded. The Town Council requested a recommendation from the Investment Advisory Committee regarding the investment return assumption and Town contribution into the plan. The Committee recommended a reduction in the investment return assumption from 7% to 6.5%, which will take the funded ratio of the plan from 113.2% to 105.1%. The Town's contribution at this rate will be \$435,383 for FY19. This recommendation will allow for less exposure to market volatility if returns are below the estimated benchmark and if retiree health claims are higher than anticipated.
- ❖ Most of the increase in contractual costs (\$383,292) is due to an increase from West Palm Beach for the sewage treatment and disposal costs of \$444,460. Contractual costs would have decreased by \$61,168 without the increase for sewage treatment.
- ❖ The decrease in commodities is mostly due to decreases in office and maintenance supplies (\$17,343), fuel, software and minor computer and equipment (\$184,383), memberships dues (\$17,810), subscriptions (\$19,289), and training (\$14,557).
- ❖ Depreciation/Capital outlay costs decreased due to reductions in the purchase of equipment in FY19 versus FY18 (\$131,965). This decrease was partially offset by an increase in depreciation on new equipment (\$67,368) and the addition of Recreation depreciation expenses.
- ❖ The funding for the Four Arts Library increased by 3%, which is the planned annual increase. In 2010, in the midst of the recession, the Four Arts Library funding was frozen at \$272,400 until FY13 when an increase of 6% was granted. Since FY13, the Town has provided a 3% increase to their funding each year and in FY17 gave the Four Arts an additional \$25,000. In the future, we believe the increase for the Four Arts Library should be tied to the local inflation amount with a cap set at 3%.

Transfers and Other:

- ❖ The transfer to the Risk Fund increased by \$69,584 due to anticipated increases in the fixed costs of property, liability and worker compensation insurance.
- ❖ The transfer to the Capital Improvement Fund increased by (\$211,976) or 10.66% over FY19. The increase is proposed to build up reserves for future capital projects

Executive Summary

once the ACIP II bond proceeds have been spent which should occur in FY19. We will be analyzing these expenditures in the future to prioritize all capital projects and possibly use these funds for other purposes.

- ❖ The transfer to the Underground Utility Fund represents the transfer of funds to pay for the Project Manager's salary and benefits.
- ❖ The transfer to the debt service fund increased by \$12,407. This increase is the result of an increase due to the transfer of bond funds from the coastal protection fund to the ACIP program since most seawall and groin work will not be completed by the deadline to spend the bond funds. This transfer caused an increase in the general fund transfer to the debt service fund of \$192,431. This increase to the general fund is offset by a decrease in the transfer to the coastal protection fund. In addition, the Town Council approved during the CROTO, the use of the debt service reserves of \$1,500,000 to lower the annual transfer by \$187,500 from the General Fund.
- ❖ Coastal funding decreased by \$61,176 due to the above mentioned transfer of debt service.
- ❖ The extraordinary transfer to the retirement fund to accelerate improvements to the UAAL increased by \$660,984. The transfer in FY18 was comprised of the budgeted \$4,759,016, a supplemental contribution in FY17 of \$300,000 using the DC savings and forfeiture funds, and \$360,984 in excess contributions made in FY17 and FY18 over the annual required contribution totaling \$5,420,000. In order to fund the \$4,759,016 in FY18, The Town Council approved a transfer of \$3,500,000 from the General Fund reserves, FY18 budget cuts of \$1,200,000 and \$59,016 from property taxes. **In FY19, the full \$5,420,000 is funded through the budget without any transfers from reserves.**
- ❖ As mentioned earlier, \$1,440,000 is included in the budget to fund the cost of reducing the UAAL amortization from 25 years to 15 years. In just reducing the amortization period, \$47,800,000 in interest savings will be realized. More interest savings will be realized with the extraordinary contribution and the actuary is preparing this calculation for presentation at the budget meeting. We believe this is a fiscally prudent recommendation that will allow for a much faster reduction in the UAAL.
- ❖ Contingency is funded at 1% of operating expenditures. Absent extraordinary unforeseen circumstances, this amount should be enough to cover unexpected expenditures.

Fund Balance

The General Fund Unassigned Fund Balance as of September 30, 2017 was \$17,716,419. This amount was \$1,165,947 above the policy required minimum. The FY19 budget includes a transfer of \$560,000 from fund balance to fund the contingency reserve and \$810,789 from the reserve for compensated absences to fund the compensated absence payouts. After the contingency transfer, the remaining balance in the unassigned fund balances will be \$605,947.

Executive Summary

Based on results thus far for FY18, we expect to add an estimated surplus of over \$4 million to the unassigned fund balance at FY18 year end. This surplus is the result of many vacant positions that have not been filled and higher than anticipated revenues for building and other permits. If we experience a storm event or other unforeseen expenditures, this amount will decrease. If we finish the year with a large surplus, we may recommend using it as a one-time additional contribution to increase the extraordinary contribution to the retirement fund.

Personnel Complement

The total personnel complement (for all funds Townwide) for FY19 is 356.22 full-time equivalent personnel (FTEP), which is a decrease of 14.65 FTEP from the adopted FY18 budget. A chart of the FTEP by department is shown on the following page with the entire history back to FY09. The decrease of 14.65 FTEs in FY19 is made up of the following position eliminations:

- Communications specialist
- Office Assistant in Town Clerk's Office
- Town Nurse (contracted service)
- Accountant
- Courier/Warehouse Assistant
- Assistant Director of PZB
- 3 Firefighters
- Director of Public Safety
- Police Officer
- Office Assistant in Public Works
- Equipment Operator
- Beach Cleaner (contracted service)
- ROW Inspector
- Engineering Technical Support
- Part time staff across Recreation -.67

The FTE reductions described above were offset slightly by an increase in the Marina FTE total of 0.26, an increase of 0.5 for a HR Specialist, and an increase of 0.75 for a Golf Course Maintenance Associate.

Other Funds

Below are highlights from the budgets for other Town funds. Additional information can be found at the tabs in the back of the Budget Document behind the General Fund information. The Town's other funds include: Special Revenue, Debt Service, Capital Improvement Funds, Enterprise Funds (Town Docks and Par 3 Golf Course), Internal Service Funds (Health, Risk, Equipment Replacement), and Trust Funds (Pension and OPEB Trust).

Special Revenue Fund (122) Townwide Underground Utility Project

The Townwide Underground Utility Project fund accounts for the project costs and associated assessments and borrowings for the project. During FY19, we expect to complete Phase 1 and begin construction of Phase 2 of the project. Engineering design is underway for Phases 3 and 4 of the project. We have added principal and interest costs for the debt service on the GO Bonds to be issued in late September or early October.

Executive Summary

Debt Service Funds (205, 206)

The Debt Service Funds provide for the payment of principal and interest on the Town's outstanding bonds. During FY10, the Town authorized the issuance of \$57,035,000 for a portion of the Town's Accelerated Capital Improvement Program (ACIP) and refunding all of the Town's existing debt. In addition, bonds totaling \$14,770,000 were issued for the Worth Avenue Commercial District Project. On August 25, 2016, the Town issued bonds to refund the 2010A & 2010B bonds. This transaction produced gross savings of \$8,900,539 over 23 years. The net present value savings was \$6,895,965 or 13.35%.

In 2013, the Town issued \$55,590,000 for the second phase of the ACIP, "bondable" coastal projects, and the Town's portion of the Par 3 clubhouse project.

The Town's outstanding Revenue Bond debt as of September 30, 2018 is shown below:

<i>Year Issued</i>	<i>Outstanding Principal Balance September 30, 2018</i>	<i>Purpose</i>
2010A	\$7,125,000	Remaining Balance on First Phase of ACIP Debt
2010B	\$650,000	Remaining Balance on Original Worth Ave Debt
2016A	\$39,320,000	First Phase of the ACIP and Refund Outstanding Debt
2016B	\$10,255,000	Worth Avenue Commercial District Project
2013	\$51,735,000	Second Phase of ACIP, Bondable Coastal, and Par 3 Clubhouse
Total	\$109,085,000	

As of September 30, 2018, the Town's net bonded debt will amount to 12.04% of the legal limit of \$905,914,254 (5% of preliminary FY19 taxable value of \$18,118,285,079).

The 2016A and 2013 Series Revenue Bonds debt service is funded from non-ad valorem revenues. A portion of each (\$199,338) is funded through the Recreation Enterprise Fund for the Town's portion of the Par 3 golf course and clubhouse renovation, and a portion is funded through the Coastal Management Fund (\$542,606). The non-ad valorem revenue transfer from the General Fund for FY19 is \$5,994,738.

The 2016B Series Revenue Bonds debt service appropriation of \$708,762 is funded through non ad valorem assessments on the property owners within the Worth Avenue Assessment District.

Executive Summary

In addition to the above Revenue Bonds, the Town has issued Commercial Paper for the Underground Utility Project. The total amount of authorized commercial paper is \$22,650,000.

Capital Improvement Funds (307, 309, 311, 314)

For FY19, the following items totaling \$6,037,500 are included in the Capital Improvement Fund (307):

- Pavement Management - \$1,000,000
- Drainage Improvements - \$1,280,000
- Sanitary Sewage System Improvements - \$1,650,000
- Water main improvements (WPB) - \$800,000 (Funded by West Palm Beach)
- Landfill site maintenance - \$27,500
- Bulkheads/seawalls - \$180,000
- Facility improvements - \$1,100,000

The transfer to the Capital Improvement Fund has increased by \$211,976.

Bonds funds in the ACIP II fund are projected to be used to fund the remaining capital projects outlined in the ACIP II budget section of this document but we plan to reexamine all projects before finalizing spending plans.

Coastal Management

The Coastal Management Fund (309) is used in part to fund the construction costs of the coastal projects. The details of the FY19 budget for Coastal Management can be found in the Annual Budget Document. This plan has been updated by Public Works to include estimates for future projects based upon current costs. The transfer to the Coastal Management Fund decreased \$61,176 to \$7,349,124. Due to the recent grant award of \$8,280,324 from the State of Florida, the annual contribution to the coastal fund can be reduced. We are recommending that we wait until FY20 to make a decision on the reduction once we have information on the Clark/Breakers/Mid-Town beach stabilization project costs.

Enterprise Funds (401, 402)

We have separated the Town Docks and Par 3 Golf Course into individual enterprise funds and moved the Recreation and Tennis activities that were a part of the Recreation Enterprise fund to the General Fund. This will allow for a clearer financial status of the operations of the Town Docks, Par 3 Golf Course, Recreation Center and Tennis programs.

Executive Summary

Town Docks

Town Docks revenues are expected to increase in FY19. The fee increases adopted since the July 9th meeting should result in revenue growth of approximately 22.7%. Forecasts for FY19 anticipate that the Town Docks will realize a gross operating profit of \$3,573,701, and a net profit of \$1,738,427 after depreciation capital, contingency and the transfer to the general fund.

We are annually accruing funds in the Dock Replacement Reserve, which, at the end of FY17 totaled \$3,801,256. We expect the FY2018 ending balance to be approximately \$4,255,000.

Par 3 Golf Course

Golf Course revenues are expected to increase during FY19. It is anticipated that the fee adjustments adopted since the July 9th meeting would generate over \$40,000 in additional revenue. The Par 3 Golf Course anticipates a gross profit of \$544,039 in FY19 before depreciation, capital expenses, debt service, contingency and the transfer to the general fund. After these expenses the Par 3 Golf course will reflect a profit of \$1,656.

Internal Service Funds (501, 502, 320)

The transfer to the Risk Fund (501) has increased by \$69,584 (3.81%) from FY18 to FY19. The increase is related to anticipated increases in the fixed costs for liability and property insurance.

The Health Insurance Fund (502) experienced a decrease in the proposed expenditure budget of 9.29% due to favorable claims experience and to fewer employees in the plan. The Town's contribution decreased a total of \$271,747 or 6.86% from FY18.

The Equipment Replacement Fund (320) contains the accumulated depreciation of all fixed assets over the established thresholds of \$5,000 for capital equipment and \$3,000 for computer equipment. A detailed listing of planned equipment purchases is located in the Internal Service Funds section of the Annual Budget Document.

The FY19 actuarially determined contribution to the DB plan originally totaled \$9,631,447. The Town began contributing the entire contribution in October of each fiscal year beginning in FY17. This early contribution will create interest savings due to the earlier than expected payment timing, so the budgeted contribution is \$9,302,382 (or \$329,065 less). The actuary

The 10-year trend for employee contributions is shown below:

Executive Summary

Based on recent pension changes, the Town no longer provides a DC plan for public safety employees. For General Employees and Lifeguards, the new plan was modified and now the Town contributes a mandatory match of 3% and an optional match of 2% to the Defined Contribution (DC) plan. Total employer contributions to the DC plan are shown in the chart below:

Health Insurance (OPEB) Trust (610)

The actuarially determined transfer to the OPEB trust from the General Fund in the FY19 budget is \$435,383. This amount is \$524,617 (54.6%) less than FY18. The Town Council requested that the Investment Advisory Committee make a recommendation regarding the FY19 funding for the OPEB trust. The actuarial report showed a 113.2% funded ratio at the end of FY17 at an investment return assumption of 7%. The following options were reviewed by the committee:

	7%	6.5%	6.25%
Actuarial Accrued Liability	\$29,249,750	\$30,015,464	\$32,515,671
Funded Ratio	113.2%	105.1%	101.1%
Town Contribution	\$216,729	\$435,383	\$546,800

Executive Summary

The Investment Advisory Committee recommended a 6.5% return assumption to provide a cushion with excess reserves to help maintain funding if the investments fall short of the target or if retiree health claims are higher than anticipated. The Town's balance in the OPEB trust fund continues to be well ahead of other government agencies across the country.

RE: Non-Ad Valorem Assessment Rates for Commercial Solid Waste Collection - Adoption of Assessment Roll and Service Assessments for FY2019
Resolution No. 122-2018

DATE: August 21, 2018

STAFF RECOMMENDATION

Town staff recommends Town Council adopt Resolution No. 122-2018, which is the Annual Assessment Rate Resolution for the proposed Non-Ad Valorem Service Assessments for the Commercial Solid Waste Collection rates in FY2019.

GENERAL INFORMATION

The Non-Ad Valorem Assessment process that causes special assessments implemented by the Town to appear on a property owner's property tax bill, dovetails with the statewide budget and millage rate adoption schedule. Accordingly, it is time to begin the final steps of implementing the FY2019 proposed service assessments for the collection of commercial solid waste that will appear on a property owner's tax bill mailed on or about November 1. By adopting Resolution No. 122-2018, you will be concluding a process whereby each affected property owner was advised of the amount of their proposed service assessment and the date, time, and place of this public hearing to adopt the final assessment and associated assessment roll on the Property Appraiser's TRIM notice issued in late August of this year and by letter from the Town in late August.

The Commercial Solid Waste Collection Non-Ad Valorem Assessment for FY2019 uses a rate analysis methodology by the Town using the Palm Beach County Solid Waste Authority's reporting and is calculated as follows.

Service for 5-day customers	\$ 363,178
Service for 7-day customers	\$ 362,505
Service for apartments	\$ 112,435
Total Assessment Revenues	\$ 838,118
Total Direct Cost for Commercial Solid Waste Collection	\$ 500,044
Disposal Cost (\$42/ton collected)	\$ 301,154
Total Net Cost	\$ 801,198

To employ a defensible assessment methodology to ensure that property owners are only paying costs in proportion to the benefits they derive from the services or costs related to the services, we use the methodology developed in 2003 which was previously found by the Town Council to provide benefits from the services that were/are in proportion to the assessments to be allocated to each benefitted property and that the apportionment of the special benefits to each benefitted property is fair and reasonable.

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is one percent (1%) of the value of the assessments. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a four percent (4%) discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order to net the \$100 needed.

The additional five percent (5%) is attributable as follows:

- Tax Collector – 1%
- Potential early property tax bill payment discount – 4%
- Total – 5%

The Town's proposed FY2019 net assessment of \$801,198 is derived by reducing the required gross total assessment of \$838,118 by these factors.

Resolution No. 122-2018 implements the intended assessments for FY2019. The Resolution, among other things:

- References the properties to be assessed;
- References past Town Council actions to properly effectuate Commercial Solid Waste Collection Assessments;
- Adopts the updated assessment roll for the fiscal year commencing on October 1, 2018;
- Reimposes the assessments;
- Provides for Proof of Publication;
- If applicable, provides an executed Affidavit of Mailing executed by staff;
- Provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

Non-Ad Valorem Assessment rates for the commercial solid waste collection services are as follows:

	<u>FY2018</u>	<u>FY2019</u>
1. Apartments	\$ 13.30/Unit/Month	\$ 12.7716/Unit/Month
2. Low Volume (5 day)	\$ 0.029/SF/Year	\$ 0.029/SF/Year
3. Medium Volume (5 day)	\$ 0.194/SF/Year	\$ 0.195/SF/Year
4. High Volume (5 day)	\$ 0.849/SF/Year	\$ 0.855/SF/Year
5. Low Volume (7 day)	\$ 0.036/SF/Year	\$ 0.037/SF/Year
6. Medium Volume (7 day)	\$ 0.241/SF/Year	\$ 0.247/SF/Year
7. High Volume (7 day)	\$ 1.055/SF/Year	\$ 1.079/SF/Year

FUNDING/FISCAL IMPACT

This is a “zero-sum” initiative, in that revenues are intended to balance/offset the costs. It is anticipated that this action will provide and generate the requisite funding. All direct costs borne by the Town to accomplish this service are paid for by the properties benefitting, as opposed to all property owners in Town.

TOWN ATTORNEY REVIEW

This Resolution has been reviewed by the Town Attorney for legal form and sufficiency. This Resolution was prepared in a format consistent with that developed by the law firm of Nabors, Giblin, and Nickerson, which previously prepared the Town’s ordinances that established Chapter 90 of the Town Code pertaining to special assessments.

NOTICE OF HEARING TO REIMPOSE AND PROVIDE FOR COLLECTION OF SOLID WASTE SERVICE ASSESSMENTS

Notice is hereby given that the Town Council of the Town of Palm Beach will conduct a public hearing to consider reimposing non-ad valorem special assessments for the provision of solid waste collection and disposal services, facilities, and programs against commercial property and apartments within the boundaries of the Town of Palm Beach for the fiscal year beginning October 1, 2018.

The hearing will be held at 5:01 p.m. on September 13, 2018, in the Town of Palm Beach Town Council Chambers, Town Hall, 360 South County Road, Palm Beach, Florida, for the purpose of receiving public comment on the proposed special non-ad valorem assessments. All affected property owners have a right to appear at the hearing and to file written objections with the Town Council within 20 days of this notice.

Pursuant to section 286.0105, Florida Statutes, if you decide to appeal any decision made by the Town Council with respect to any matter considered at the hearing or at any subsequent meeting to which the Town Council has continued its deliberations, you will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. In accordance with the Americans with Disabilities Act, persons needing a special accommodation or an interpreter to participate in this proceeding should contact the Town Manager's Office at (561) 838-5410 or through the Florida Relay Service by dialing 1-800-955-8770 for voice callers or 1-800-955-8771 for TDD callers, at least two (2) days prior to the date of the hearing.

The assessment for your property will be based all or in part, on the type of commercial designation assigned, including apartments and the number of apartments located on a specific parcel, frequency of solid waste collection service, square footage of the property and volume of solid waste (using commercial land use volume generation rates as determined by the Solid Waste Authority of Palm Beach County) and approved by the Town Council of the Town of Palm Beach, as these values were assigned upon the initiation of the assessment program with the adoption of the Initial Assessment Resolution (No. 25-03) and as amended by subsequent official Town modification of assessment criteria for these commercial properties assessed or added to the Commercial Customer Solid Waste Collection Services program since its inception.

The rates of assessment for the fiscal year commencing on October 1, 2018, are as follows:

Property and Service Type	Assessed Assessment Rate	Billing Unit
Apartment	\$153.26	Per Dwelling Unit
Commercial Property - 5 Day Service		
Low Volume	\$0.029	Per Square Foot
Medium Volume	\$0.195	Per Square Foot
High Volume	\$0.855	Per Square Foot
Commercial Property - 7 Day Service		
Low Volume	\$0.037	Per Square Foot
Medium Volume	\$0.247	Per Square Foot
High Volume	\$1.079	Per Square Foot

A more specific description of the services and the method of computing the assessment for each parcel of property are set forth in the Initial Assessment Resolution (Resolution No. 25-03), the Final Assessment Resolution (Resolution No. 144-2017), the Preliminary Rate Resolution for FY 17-18 (Resolution No. 107-2017), and the Preliminary Rate Resolution for FY 18-19 (Resolution No. 087-2018). Copies of Chapter 90, Article II of the Town Code, the above referenced resolutions, and the updated Solid Waste Assessment fee for the upcoming fiscal year are available for inspection at the office of the Town Manager, located at Town Hall, 360 South County Road, Palm Beach, Florida.

The assessments will be collected on the ad valorem tax bill to be mailed in November 2018, as authorized by section 197.3432, Florida Statutes. Failure to pay the assessments will cause a tax certificate to be issued against the property which may result in a loss of title.

If you have any questions, please contact the Town Manager's Office at (561) 838-5410, Monday through Friday between 8:30 a.m. and 5:00 p.m.

Re: Worth Avenue Commercial District Assessment Area - Adoption of Assessment Roll and Improvement and Maintenance Assessments for FY2019
Resolution No. 123-2018

Date: August 31, 2018

STAFF RECOMMENDATION

Staff recommends the Mayor and Town Council adopt Resolution No. 123-2018, which is the Annual Rate Resolution for the proposed improvement (debt service) and maintenance assessments for the Worth Avenue Commercial District in FY2019.

GENERAL INFORMATION

The non-ad valorem assessment process that causes special assessments implemented by the Town to appear on a property owner's property tax bill dovetails with the statewide budget and millage rate adoption schedule. Accordingly, it is time to begin the formal steps of implementing the FY2019 proposed capital and maintenance assessments for the Worth Avenue Commercial District Assessment Area that will appear on a property owner's tax bill mailed on or about November 1. By adopting Resolution No. 123-2018 you will be concluding a process whereby each affected property owner was advised of the amount of their proposed improvement and maintenance assessments and the date, time, and place of this public hearing to adopt the final assessment and associated assessment roll on the Property Appraiser's TRIM notice issued in late August of this year and by letter from the Town issued in late August.

The Worth Avenue Commercial District net improvement and maintenance assessment for FY2019 has been calculated as follows:

Cost Description	
Original Principal	\$ 14,770,000.00
Outstanding Principal	11,215,000.00
Scheduled Principal Payment	320,000.00
Scheduled Interest Payment	388,763.00
Bond Compliance Reporting Fees	5,000.00
Estimated Maintenance Expenses 10/1/18-9/30/19	274,826.00
Estimated Attorney Fees	1,200.00
Estimated Postage	50.00
Estimated PB Post Advertisement	1,200.00
Property Appraiser Administrative Fees	150.00
Offsetting Revenue	(6,000.00)
Use of Accumulated Fund Balance	(50,000.00)
Final FY2019 Total Net Assessment	\$ 935,189.00

To employ a defensible assessment methodology to ensure that property owners are only paying costs in proportion to the benefits they derive from the improvements or costs related to the improvements, we use the methodology developed in 2010 by Special District Services, which was previously found by the Town Council to provide benefits from the improvements that were/are in proportion to the assessments to be allocated to each benefitted property and that the apportionment of the special benefits to each benefitted property is fair and reasonable.

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is 1% of the value of the assessments. The Property Appraiser fee for FY2019 is \$150.00, which has been included as shown above. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order to net the \$100 needed.

The additional 5 percent is attributable as follows:

- Tax Collector - 1%
- Potential early property tax bill payment discount - 4%
- Total - 5%

After adding these multipliers to the Town's proposed FY2019 net assessment of \$935,189.00 and incorporating the accumulated rounding adjustment of (\$40.72), the gross total assessment is \$981,989.17.

Resolution No. 123-2018 implements the intended Worth Avenue Commercial District Assessment Area assessments for FY2019. The resolution, among other things:

- references the property to be assessed;
- references past Town Council actions to properly effectuate Worth Avenue assessments;
- adopts the updated assessment roll for the fiscal year commencing on October 1, 2018;
- reimposes the assessments;
- provides for Proof of Publication;
- if applicable, provides an executed Affidavit of Mailing executed by staff;
- provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

FUNDING/FISCAL IMPACT

All direct costs borne by the Town to accomplish this project are paid for by the properties benefitting from the project improvements as opposed to all property owners in Town. The improvement budget is based upon the amended debt service schedule that resulted from refunding the 2010A and 2010B bonds.

All affected property owners have a right to appear at the hearing and to file written objections with the Town Council within 20 days of this notice.

Pursuant to section 286.0105, Florida Statutes, if you decide to appeal any decision made by the Town Council with respect to any matter considered at the hearing or at any subsequent meeting to which the Town Council has continued its deliberations, you will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. The assessment for each parcel of property will be based in part on the amount of land area on the Tax Parcel and in part on the Taxable Value of the Tax Parcel as these were assigned at the initiation of the assessment program at the time of the adoption of the Initial Assessment Resolution (Resolution No. 74-10). A more specific description of the improvements and the method of computing the assessment for each parcel of property are set forth in the Initial Assessment Resolution (Resolution No. 74-10) adopted by the Town Council on July 13, 2010. The assessments will be collected on the ad valorem tax bill to be mailed in November 2018, as authorized by section 197.3632, Florida Statutes. Failure to pay the assessments will cause a tax certificate to be issued against the property which may result in a loss of title. The Town Council intends to collect the capital assessments in thirty (30) annual installments, the first of which was included on the ad valorem tax bill mailed in November 2010. The Town Council intends to impose and collect the maintenance assessments on an annual basis.

Re: Via Fontana Underground Assessment Area – Adoption of Assessment Roll and Capital Assessments for FY2019
Resolution No. 124-2018

Date: August 31, 2018

STAFF RECOMMENDATION

Staff recommends the Mayor and Town Council adopt Resolution No. 124-2018, which is the Annual Rate Resolution for the proposed assessments for the Via Fontana Underground Assessment Area in FY2019.

GENERAL INFORMATION

The non-ad valorem assessment process that causes special assessments implemented by the Town to appear on a property owner's property tax bill dovetails with the statewide budget and millage rate adoption schedule. Accordingly, it is time to begin the formal steps of implementing the FY2019 proposed debt service and maintenance assessments for the Via Fontana Underground Assessment Area that will appear on a property owner's tax bill mailed on or about November 1. By adopting Resolution No. 124-2018 you will be concluding a process whereby each affected property owner was advised of the amount of their proposed improvement and maintenance assessments and the date, time, and place of this public hearing to adopt the final assessment and associated assessment roll on the Property Appraiser's TRIM notice issued in late August of this year and by letter from the Town issued in late August.

The Via Fontana net assessment for FY2019 has been calculated as follows:

Cost Description	
Original Principal	\$ 224,672.15
Outstanding Principal	157,270.38
Anticipated Funding Agreement Required Principal Payment	11,233.61
Estimated Interest Payment @ .57%	896.44
Interest Rate Surcharge @ 1%	1,572.70
Estimated Attorney Fees	480.00
Estimated Postage (\$.49 x 4 properties)	2.00
Estimated PB Post Advertisement	1,200.00
Property Appraiser Administrative Fees	150.00
Final FY2019 Total Net Assessment	\$ 15,534.75

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is 1% of the value of the assessments. The Property Appraiser fee for FY2019 is \$150.00, which has been included as shown above. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order to net the \$100 needed.

The additional 5 percent is attributable as follows:

- Tax Collector - 1%
- Potential early property tax bill payment discount - 4%
- Total - 5%

After adding these multipliers to the Town's proposed FY2019 net assessment of \$15,534.75, the gross total assessment is \$16,311.49.

Resolution No. 124-2018 implements the intended Via Fontana assessments for FY2019. The resolution amount other things:

- references the property to be assessed;
- references past Town Council actions to properly effectuate Via Fontana assessments;
- adopts the updated assessment roll for the fiscal year commencing on October 1, 2018;
- reimposes the assessments;
- provides for Proof of Publication;
- if applicable, provides an executed Affidavit of Mailing executed by staff;
- provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

The final public hearing will begin at 5:01 p.m. on Thursday, September 13, 2018, in the Town Hall Council Chambers. Property owners received notice of this hearing from the TRIM notice provided by the Property Appraiser which alerts the property owner to the amount of the annual assessment and to the date, time and place of the public hearing so that they may exercise their right to be heard to object or call to the Town's attention any mistakes that they believe may have been made in applying the assessment formula to any given property.

FUNDING/FISCAL IMPACT

All direct costs borne by the Town to accomplish this project are paid for by the properties benefitting for the project improvements as opposed to all property owners in Town.

Re: Everglades Island Underground Assessment Area – Adoption of Assessment Roll and Capital Assessments for FY2019
Resolution No. 125-2018

Date: August 31, 2018

STAFF RECOMMENDATION

Staff recommends the Mayor and Town Council adopt Resolution No. 125-2018, which is the Annual Rate Resolution for the proposed assessments for the Everglades Island Underground Assessment Area in FY2019.

GENERAL INFORMATION

The Everglades Island Underground Utilities Project was completed in 2013. Five more years of assessment remain, including this year's.

The Everglades Island net assessment for FY2019 has been calculated as follows:

Cost Description	
Original Principal	\$ 685,625.00
Outstanding Principal	292,356.25
Anticipated Funding Agreement Required Principal Payment	58,471.25
Estimated Interest Payment @ .57%	1,666.43
Interest Rate Surcharge @ 1%	2,923.56
Estimated Attorney Fees	480.00
Estimated Postage (\$.49 x 46 properties)	23.00
Estimated PB Post Advertisement	1,200.00
Property Appraiser Administrative Fees	150.00
Final FY2019 Total Net Assessment	\$ 64,914.24

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is 1% of the value of the assessments. The Property Appraiser fee for FY2019 is \$150.00, which has been included as shown above. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order

to net the \$100 needed.

The additional 5 percent is attributable as follows:

- Tax Collector - 1%
- Potential early property tax bill payment discount - 4%
- Total - 5%

After adding these multipliers to the Town's proposed FY2019 net assessment of \$64,914.24 and incorporating the accumulated rounding adjustment (\$0.18), the gross total assessment is \$68,160.13.

Resolution No. 125-2018 implements the intended Via Fontana assessments for FY2019. The resolution amount other things:

- references the property to be assessed;
- references past Town Council actions to properly effectuate Everglades Island assessments;
- adopts the updated assessment roll for the fiscal year commencing on October 1, 2018;
- reimposes the assessments;
- provides for Proof of Publication;
- if applicable, provides an executed Affidavit of Mailing executed by staff;
- provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

The final public hearing will begin at 5:01 p.m. on Thursday, September 13, 2018, in the Town Hall Council Chambers. Property owners received notice of this hearing from the TRIM notice provided by the Property Appraiser which alerts the property owner to the amount of the annual assessment and to the date, time and place of the public hearing so that they may exercise their right to be heard to object or call to the Town's attention any mistakes that they believe may have been made in applying the assessment formula to any given property.

FUNDING/FISCAL IMPACT

All direct costs borne by the Town to accomplish this project are paid for by the properties benefitting for the project improvements as opposed to all property owners in Town.

Re: Peruvian Avenue 400 Block Streetscape Project Underground Assessment Area - Adoption of
Final Assessment Resolution for Improvement and Maintenance Assessments for FY2019
Resolution No. 126-2018

Date: August 31, 2018

STAFF RECOMMENDATION

Staff recommends the Mayor and Town Council adopt Resolution No. 126-2018, which is the final assessment resolution for the proposed improvement (debt service) and maintenance assessments for the Peruvian Avenue 400 Block Streetscape Project Assessment Area in FY2019.

GENERAL INFORMATION

The non-ad valorem assessment process that causes special assessments implemented by the Town to appear on a property owner's property tax bill dovetails with the statewide budget and millage rate adoption schedule. Accordingly, it is time to begin the formal steps of implementing the FY2019 proposed debt service and maintenance assessments for the Peruvian Avenue 400 Block Streetscape Project Assessment Area that will appear on a property owner's tax bill mailed on or about November 1. By adopting Resolution No. 126-2018 you will be concluding a process whereby each affected property owner was advised of the amount of their proposed improvement and maintenance assessments and the date, time, and place of this public hearing to adopt the final assessment and associated assessment roll on the Property Appraiser's TRIM notice issued in late August of this year and by letter from the Town issued in late August.

The Peruvian Avenue 400 Block Streetscape Project net improvement and maintenance assessment for FY2019 has been calculated as follows:

Cost Description	
Original Principal	\$ 1,224,759.00
Outstanding Principal	553,021.40
Anticipated Funding Agreement Required Principal Payment	92,172.04
Estimated Interest Payment @ .60%	3,318.13
Interest Rate Surcharge @ 1%	5,530.21
Estimated Maintenance Expenses 10/1/18-9/30/19	44,657.00
Estimated Attorney Fees	1,200.00
Estimated Postage (\$.49 x 136 properties)	67.00
Estimated PB Post Advertisement	1,200.00
Property Appraiser Administrative Fees	150.00
Use of Accumulated Fund Balance	(20,000.00)
Final FY2019 Total Net Assessment	\$ 128,294.38

To employ a defensible assessment methodology to ensure that property owners are only paying costs in proportion to the benefits they derive from the improvements or costs related to the improvements, we used the most common methodology in use throughout Florida called the Linear Front Footage method of assessment.

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is 1% of the value of the assessments. The Property Appraiser fee for FY2019 is \$150.00, which has been included as shown above. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order to net the \$100 needed.

The additional 5 percent is attributable as follows:

- Tax Collector - 1%
- Potential early property tax bill payment discount - 4%
- Total - 5%

After adding these multipliers to the Town's proposed FY2019 net assessment of \$128,294.38 and incorporating the accumulated rounding adjustment of (\$1.03), the gross total assessment is \$134,708.07.

Resolution No. 126-2018 implements the intended Peruvian Avenue 400 Block Streetscape Assessment Area assessments for FY2019. The resolution amount other things:

- references the property to be assessed;
- references past Town Council actions to properly effectuate Peruvian Avenue 400 Block Streetscape assessments;
- adopts the updated assessment roll for the fiscal year commencing on October 1, 2018;
- reimposes the assessments;
- provides for Proof of Publication;
- if applicable, provides an executed Affidavit of Mailing executed by staff;
- provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

FUNDING/FISCAL IMPACT

All direct costs borne by the Town to accomplish this project are paid for by the properties benefitting for the project improvements as opposed to all property owners in Town. The improvement budget is based upon the initial debt service schedule that resulted from the total project costs the Town incurred.

NOTICE OF HEARING TO REIMPOSE AND PROVIDE FOR COLLECTION OF SPECIAL ASSESSMENTS IN THE PERUVIAN AVENUE ASSESSMENT AREA TO PROVIDE FOR THE PERUVIAN AVENUE IMPROVEMENT PROJECT AND OTHER RELATED SERVICES

Notice is hereby given that the Town Council of the Town of Palm Beach will conduct a public hearing to consider reimposing non-ad valorem special assessments for the provision of maintenance of the Peruvian Avenue Improvement Project within the boundaries of the Peruvian Avenue Assessment Area for the Fiscal Year beginning October 1, 2018 and future fiscal years, and approval of the non-ad valorem capital assessment roll for the construction of the Peruvian Avenue Improvement Project.

The hearing will be held at 5:01 p.m. on September 13, 2018, in the Town of Palm Beach Town Council Chambers, Town Hall, 360 South County Road, Palm Beach, Florida, for the purpose of receiving public comment on the special assessments. All affected property owners have a right to appear at the hearing and to file written objections with the Town Council within 20 days of this notice.

Pursuant to section 286.0105, Florida Statutes, if you decide to appeal any decision made by the Town Council with respect to any matter considered at the hearing or at any subsequent meeting to which the Town Council has continued its deliberations, you will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. In accordance with the Americans with Disabilities Act, persons needing a special accommodation or an interpreter to participate in this proceeding should contact the Town Manager's Office at (561) 838-5410 or through the Florida Relay Service by dialing 1-800-955-8770 for voice callers or 1-800-955-8771 for TDD callers, at least two (2) days prior to the date of the hearing.

The assessment for each parcel of property is based on the lineal front feet along Peruvian Avenue where the Peruvian Avenue Improvement Project was installed that were attributed to the Tax Parcel at the time of the adoption of the Initial Assessment Resolution (Resolution No. 099-2014). A more specific description of the improvements and the method of computing the assessment for each parcel of property are set forth in the Initial Assessment Resolution (Resolution No. 099-2014) adopted by the Town Council on July 15, 2014. Copies of Chapter 90, Article II of the Town Code, the Initial Assessment Resolution, the Final Assessment Resolution (Resolution No. 148-2014), the Preliminary Rate Resolution, and the updated Assessment Roll for the upcoming fiscal year are available for inspection at the office of the Town Manager, located at Town Hall, 360 South County Road, Palm Beach, Florida.

The assessments will be collected on the ad valorem tax bill to be mailed in November 2018, as authorized by section 197.3632, Florida Statutes. Failure to pay the assessments will cause a tax certificate to be issued against the property which may result in a loss of title. The Town Council intends to collect the capital assessments in ten (10) annual installments, the first of which was included on the ad valorem tax bill mailed in November 2014. The Town Council intends to impose and collect the maintenance assessments on an annual basis.

If you have any questions, please contact the Town Manager's Office at (561) 838-5410, Monday through Friday between 8:30 a.m. and 5:00 p.m.

Re: Town-wide Undergrounding Project Assessments – Adoption of Final Assessment Resolution
Resolution No. 127-2018

Date: August 31, 2018

STAFF RECOMMENDATION

Staff recommends the Mayor and Town Council adopt Resolution No. 127-2018, which is the Annual Rate Resolution for the proposed assessments for the Town-wide Underground Utility Assessment Area in FY2019.

GENERAL INFORMATION

The Town-wide Undergrounding Utility project is expected to be financed with a General Obligation Bond, backed with both a GO and special assessment pledge. The GO bond will be issued in late September or early October.

The non-ad valorem assessment process that causes special assessments implemented by the Town of appear on a property owner's tax bill dovetails with the statewide budget and millage rate adoption schedule. Accordingly, it is time to begin the final steps of implementing the FY2019 proposed capital and maintenance assessments for the Town-wide Undergrounding Utility Assessment Area that will appear on a property owner's tax bill mailed on or about November 1. By adopting Resolution No. 127-2018, you will be concluding a process whereby each affected property owner was advised of the amount of their proposed improvement and maintenance assessments and the date, time, and place of this public hearing to adopt the final assessment and associated assessment roll on the Property Appraiser's TRIM notice issued in late August of this year and by letter from the town in late August.

To meet Florida case law requirements for a valid special assessment, we used the apportionment methodology developed by Raftelis Financial Consultants, Inc. These legislative findings along with the Town Council's independent knowledge of the Town and other project based information were considered when the Town Council established the selected apportionment methodology set forth in Resolution 090-2017. The methodology is designed to provide an equitable method of funding the Underground Utility Improvements by fairly and reasonably allocating the cost to specially benefitted property based upon the amount of Equivalent Benefit Units or EBUs attributable to each parcel of property. The EBUs are allocated among three special benefit components – safety, reliability and aesthetics based upon the proportionate numbers of EBUs in each category. Each parcel of affected property is then assigned safety, reliability and aesthetic EBUs based upon certain identified property characteristics (size, occupant density, location to existing facilities, etc.) as more specifically described in Section 3.02 of Resolution 090-2017.

The Town-wide Undergrounding project is projected to have an 8-year build out period. The plan of financing the project included the issuance of Commercial Paper and the upcoming, issuance of a long-term General Obligation bond. The assessment amount has been calculated based on General Obligation Debt in the amount of \$90 million over 30 years at an estimated interest rate of 3.81% which totals approximately \$5,080,000.

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. Each constitutional officer charges a fee for the work they undertake on the Town's behalf that is estimated to be up to 1% of the value of the annual assessments for the Tax Collector and \$650 for the Property Appraiser. These costs are passed on to the property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by like amount to ensure the sum needed to pay expenses is realized in full. Administrative costs including legal, postage and advertising, assessment consulting fees and software programming charges have been added to the assessment totaling \$50,000. Since the initial assessment, approximately 11% of property owners prepaid their assessment, thus reducing the total annual assessment amount from the original \$5,080,000. The additional required amounts added to the debt service amount of \$4,269,242 are detailed as follows:

Cost Description	
Assessment Amount for \$90 million debt at 3.81% over 30 years	\$4,269,242
Administrative Costs	50,000
Early Payment Discount at 4% and Tax Collector Charge	226,499
Final FY2019 Total Assessment	\$4,545,741

Resolution No. 127-2018 implements the intended Town-wide Underground Utility assessments for FY2019. The resolution amount other things:

- references the property to be assessed;
- references past Town Council actions to properly effectuate Town-wide Underground Utility Project assessments;
- adopts the updated assessment roll for the fiscal year commencing on October 1, 2018;
- reimposes the assessments;
- provides for Proof of Publication;
- if applicable, provides an executed Affidavit of Mailing executed by staff;
- provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

The final public hearing will begin at 5:01 p.m. on Thursday, September 13, 2018, in the Town Hall Council Chambers. Property owners received notice of this hearing from the TRIM notice provided by the Property Appraiser which alerts the property owner to the amount of the annual assessment and to the date, time and place of the public hearing so that they may exercise their right to be heard to object or call to the Town's attention any mistakes that they believe may have been made in applying the assessment formula to any given property.

FUNDING/FISCAL IMPACT

The total assessments for FY2019 on the Final Assessment Roll are \$4,545,740.89

Re: Nightingale/La Puerta Assessment Area – Adoption of Assessment Roll and Capital Assessments for FY2019
Resolution No. 128-2018

Date: August 31, 2018

STAFF RECOMMENDATION

Staff recommends the Mayor and Town Council adopt Resolution No. 128-2018, which is the Annual Rate Resolution for the proposed assessments for the Nightingale/La Puerta Underground Assessment Area in FY2019.

GENERAL INFORMATION

The Nightingale/La Puerta Underground Utilities net assessment for FY2019 has been calculated as follows:

Cost Description	
Original Principal	\$ 1,104,560.00
Revised Principal following project completion	1,011,122.00
Outstanding Principal	946,960.48
Anticipated Funding Agreement Required Principal Payment	32,652.76
Estimated Interest Payment @ .57%	5,397.68
Interest Rate Surcharge @ 1%	9,469.61
Estimated Attorney Fees	480.00
Estimated Postage (\$.49 x 29 properties)	15.00
Estimated PB Post Advertisement	1,200.00
Property Appraiser Administrative Fees	150.00
Final FY2019 Total Net Assessment	\$ 49,365.05

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is 1% of the value of the assessments. The Property Appraiser fee for FY2019 is \$150.00, which has been included as shown above. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order to net the \$100 needed.

The additional 5 percent is attributable as follows:

- Tax Collector -1%
- Potential early property tax bill payment discount - 4%
- Total -5%

After adding these multipliers to the Town's proposed FY2019 net assessment of \$49,365.05 and incorporating the accumulated rounding adjustment (\$0.02), the gross total assessment is \$51,963.23.

Resolution No. 128-2018 implements the intended Nightingale/La Puerta Underground Utilities assessments for FY2019. The resolution amount other things:

- references the property to be assessed;
- references past Town Council actions to properly effectuate Nightingale/La Puerta Underground Utilities assessments;
- adopts the updated assessment roll for the fiscal year commencing on October 1, 2018;
- reimposes the assessments;
- provides for Proof of Publication;
- if applicable, provides an executed Affidavit of Mailing executed by staff;
- provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

The final public hearing will begin at 5:01 p.m. on Thursday, September 13, 2018, in the Town Hall Council Chambers. Property owners received notice of this hearing from the TRIM notice provided by the Property Appraiser which alerts the property owner to the amount of the annual assessment and to the date, time and place of the public hearing so that they may exercise their right to be heard to object or call to the Town's attention any mistakes that they believe may have been made in applying the assessment formula to any given property.

FUNDING/FISCAL IMPACT

All direct costs borne by the Town to accomplish this project are paid for by the properties benefitting for the project improvements as opposed to all property owners in Town. Since completion of this project, the principal amount has been lowered from original estimates.

Re: Lake Towers Assessment Area – Adoption of Assessment Roll and Capital Assessment for FY2019
Resolution No. 129-2018

Date: August 31, 2018

STAFF RECOMMENDATION

Staff recommends the Mayor and Town Council adopt Resolution No. 129-2018, which is the Annual Rate Resolution for the proposed assessments for the Lake Towers Assessment Area in FY2019.

GENERAL INFORMATION

The Lake Towers net assessment for FY2019 has been calculated as follows:

Cost Description	
Original Principal	\$ 310,268.00
Outstanding Principal	161,803.22
Anticipated Funding Agreement Required Principal Payment	8,515.82
Estimated Interest Payment @ .57%	922.28
Interest Rate Surcharge @ 1%	1,618.03
Estimated Attorney Fees	480.00
Estimated Postage (\$.49 x 40 properties)	20.00
Estimated PB Post Advertisement	1,200.00
Property Appraiser Administrative Fees	150.00
Final FY2019 Total Net Assessment	\$ 12,906.13

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is 1% of the value of the assessments. The Property Appraiser fee for FY2019 is \$150.00, which has been included as shown above. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order to net the \$100 needed.

The additional 5 percent is attributable as follows:

- Tax Collector - 1%
- Potential early property tax bill payment discount - 4%
- Total - 5%

After adding these multipliers to the Town's proposed FY2019 net assessment of \$12,906.13 and incorporating the accumulated rounding adjustment (\$0.24), the gross total assessment is \$13,585.64.

Resolution No. 129-2018 implements the intended Lake Towers assessments for FY2019. The resolution amount other things:

- references the property to be assessed;
- references past Town Council actions to properly effectuate Lake Towers assessments;
- adopts the updated assessment roll for the fiscal year commencing on October 1, 2018;
- reimposes the assessments;
- provides for Proof of Publication;
- if applicable, provides an executed Affidavit of Mailing executed by staff;
- provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

The final public hearing will begin at 5:01 p.m. on Thursday, September 13, 2018, in the Town Hall Council Chambers. Property owners received notice of this hearing from the TRIM notice provided by the Property Appraiser which alerts the property owner to the amount of the annual assessment and to the date, time and place of the public hearing so that they may exercise their right to be heard to object or call to the Town's attention any mistakes that they believe may have been made in applying the assessment formula to any given property.

FUNDING/FISCAL IMPACT

All direct costs borne by the Town to accomplish this project are paid for by the properties benefitting for the project improvements as opposed to all property owners in Town.
