TOWN OF PALM BEACH TOWN CLERK

TOWN OF PALM BEACH

APPLICATION FOR SERVICE ON

PLANNING AND ZONING COMMISSION

Please complete the application by typing or printing legibly in ink. Applications should be submitted to the Town Clerk (360 S. County Road, Palm Beach, FL 33480, via facsimile 561-838-5417, or via e-mail townclerk@townofpalmbeach.com) no later than 5 p.m., 11 calendar days prior to the Town Council meeting in which the appointment will be considered. Completion of this application requires that applicant has reviewed certain Town documents as noted in this application. To review or obtain a copy of the documents please contact the Town Clerk's Office (561-838-5416). Please feel free to attach any additional background information to this application form. (Please be advised that members of the Planning and Zoning Commission must file an annual financial disclosure form per State law.)

Name: Julie Araskog Residence Address: 1490 Via Manana
Mailing Address: 1490 Via Manana Home Telephone: 561-317-4985
E-mail Address: juliearaskog@aol.com Work Telephone: same
Length of Residency 45 mos I am a registered voter of the Town of Palm Beach jka jka (please initial)
Town of Palm Beach: Year of registration 2013

1. Why are you interested in serving on the Planning and Zoning Commission? (Please explain and attach additional pages if necessary) I would like to be part of the innovative plans that the Commission is recommending to preserve the

beauty of Palm Beach and to incentivize development that protects our town's character. I recognize that there
will be change, but I think it is important to manage that change in a manner that preserves the town's character.

2. How many meetings of the Planning and Zoning Commission have you attended in the last year?

I have only attended ARCOM and TOWN Council meetings.

3. If you have served on any boards/commissions/committees in the Town of Palm Beach or elsewhere, please list them and include details such as length of service, attendance record, etc.

Boards: Earth Communications Office, L.A., Ca.;

COACH for Kids: Cedar Sinai Hospital, Los Angeles, Ca.; Young Artists United: Los Angeles, Ca. Committees:

Head's Up; The Race to Erase MS, Southern California Committee for Human Rights Watch and others

4. Are you willing and available to attend meetings of the Planning and Zoning Commission as described below?

- | | | |
|---|---|-----------------------------|
| A. Meetings which last a full day (9:30 a.m. to 5:00 p.m., or even later)? | ☒ Yes | ☐ No |
| B. Meetings on consecutive dates? | ☒ Yes | ☐ No |
| C. Meetings which might be scheduled for multiple dates within the same month | ☒ Yes | ☐ No |
| D. Meetings scheduled year-round | ☒ Yes | ☐ No |

5. Please indicate if there are any periods of time for which you will be unavailable for meetings.

June 23, 2017- July 6, 2017; Dec. 19- Dec. 25

6. Do you have any experience in requesting comprehensive plan amendments or zoning approvals from the Town of Palm Beach or other jurisdictions? (Please explain. Attach additional pages if necessary)

I recently worked with Town Council Members, ARCOM Commissioners, John Page, John Lindgren, and Jay Boodeshwar to amend the ARCOM Ordinance. Our cooperative spirit created a productive and pleasant effort.

7. Are you a member of any of the following organizations? (Check all that apply)

PLANNING AND ZONING COMMISSION

The Planning and Zoning Commission acts in an advisory capacity to the Town Council in all matters relating to municipal planning and development. The commission is required to follow the concepts and contents of the Town's comprehensive land use plan in all planning, zoning and development related deliberations and decisions. The Commission shall also have such powers and duties as may be prescribed by Ordinance. Members of the Commission serve for terms of three years. Three alternate members of the Zoning Commission may be appointed by the Town Council who serve when called upon by the Chair of the Commission in the absence of any regular member.

① **Why are you interested in serving on the Planning and Zoning Commission?**

Although I've spent considerable time in for-profit and not-for-profit environments, my real passion is public service. Over the past 40 years, I've run for public office three times and served in the following appointed and volunteer positions:

- Community organizer for the Boston Model Cities program and various Federal Office of Economic Opportunity programs (1966-1969)
- Commissioner, Massachusetts Department of Community Affairs (MDCA). Appointed by Governor to lead (then) state cabinet-level agency with mandates in state and regional planning, housing, urban renewal, and technical assistance to Massachusetts' 351 cities and towns. By statute, MDCA exercised oversight of local administration of the state's zoning and subdivision control laws. (1976-1980)
- Associate Administrator, US Environment Protection Agency (1989-1992). White House appointment after serving as senior advisor for environmental issues in the 1988 Presidential campaign. Also served earlier (1980-1983) as Director of EPA's Office of Management Systems and Evaluation.
- Member, City of Chicago Lake Michigan Advisory Committee. Appointed by Mayor Richard M. Daley to review city's plans and proposals for Lake Michigan shoreline. (1999-2000)
- Chair, Winnebago County (IL) Environmental Working Group. Appointed by County Board Chairman to lead 15-person citizen's group charged with development of the environmental component of Winnebago County's new comprehensive plan (2006-2007).

③ **If you have served on any boards/commissions/committees in the Town of Palm Beach or elsewhere, please list them and include details such as length of Service, attendance record, etc.**

From 2000 to present:

- Board Member, *Tres Vidas* Town House Association, 2335 South Ocean Boulevard, Palm Beach. (2008). Elected to three-member governing board.
- Chair, Winnebago County (IL) Environmental Working Group. Chaired total of 10 community meetings over fourteen month period and produced new county environmental map (WINGIS), and recommendations for environmental regulations and necessary modifications to county's zoning and subdivision control support structure. Process was part of County's Comprehensive Plan update. (2006-2007)
- Rockford (IL) Regional Chamber of Commerce. Participated in monthly meetings and served on several Chamber committees, including Search Committee for new Director. (2003-2007)
- River District Association. Member of downtown Rockford community development and tourism/business support organization. Attended monthly meetings with Rockford City Manager and development officials. Elected Vice President. (2002-2006)
- Vice Chairman, Freedom Fields, Winnebago County's public-private partnership to promote alternative energy economic development projects. Appointed by Winnebago County Board Chairman. (2007-2008)

- Rockford Armory Committee. Appointed by Mayor of Rockford (IL) to develop plans and recommendations and help secure public and private funding for redevelopment of major downtown building. (2007-2008)
- SwedishAmerican Hospital, Rockford (IL). Served on board of Trustees of 350-bed community hospital's Finance, Medical Quality Assurance, Capital Acquisition, and Management Operations committees. (2004-2007)
- City of Chicago Lake Michigan Advisory Committee. Attended bi-monthly meetings with city's environmental affairs commissioner to review ideas and plans for preservation of Chicago's Lake Michigan shoreline. (1999-2000)

These are the boards/commissions/committees I can recall serving with since 2000. Prior to that time, of course, there were many other engagements that would be relevant to this position. A copy of my resume is included for further reference.

⑥

Do you have any experience in requesting comprehensive plan amendments or zoning approvals from the Town of Palm Beach or other jurisdictions? I have no experience with these functions in Florida or the Town of Palm Beach, but do have considerable experience with the Zoning Board of Appeals process and with zoning and subdivision control laws elsewhere. Below is a summary of related experience in other jurisdictions:

- As Massachusetts Department of Community Affairs Commissioner, I wrote land use legislation for Dukes County, which comprises the island of Martha's Vineyard. The island's six towns were faced with serious development pressures which, individually, the towns could not control. The proposed legislation created a new elected and appointed body – the Martha's Vineyard Commission – mandated to make all land use decisions for developments proposed for 'critical areas' on the island and for all development proposals deemed by the Commission to have 'more than local impact'. Basically, the island's six towns ceded their zoning and subdivision control powers to an island-wide Commission which, after adopting an island-wide zoning map and procedures for defining developments with impacts extending beyond the borders of a single town, made the important decisions necessary to control development on Martha's Vineyard. Our model statute was approved by the Boards of Selectmen of the six towns, the island's county planning commission, the Dukes County Board, the Massachusetts Legislature, and an island-wide referendum (64%-36%). The Martha's Vineyard Commission is still going strong today and, in modified form, the model was later adopted by Barnstable County to help control development on Cape Cod.
- As Commissioner of the Massachusetts Department of Community Affairs, from time-to-time my Department engaged in discussions with local governing bodies over the issue of locating state-assisted mixed-income housing in these communities. On a couple of occasions MDCA was involved in negotiations with municipalities regarding local urban renewal projects, since the department's approval was required by state law before the process could move forward.
- After appointment as President of the Chicago Academy of Sciences, I became responsible for constructing a new, \$35 million, 100,000 square foot museum building in Chicago's Lincoln Park neighborhood on the Lake Michigan

Columbia University, M.B.A.

Parsons School of Design - Certificate in Interior Design

12. Why do you feel that you are qualified to serve on the Town's Planning and Zoning Commission? (Attach additional page if necessary)

I believe that my education, work history, and prior Zoning Board experience, along with the first-hand lessons of building in town, provide a good background for fair-minded analysis of zoning and planning issues.

(Continued on page 4.)

Question 12, cont'd.

In my early career I worked on debt and equity financing for commercial real estate projects and negotiated deal terms for limited partnership investments. Due diligence work in behalf of the firms' clients was detailed and carried a responsibility to ensure the best possible outcome for our investors while also understanding the risks and efforts of the general partners.

After leaving Wall St. to raise a family, I volunteered in many local organizations and developed a particular interest in planning and zoning, and preservation. Essex Fells, N.J., my home prior to moving here, shares some characteristics with Palm Beach, especially in its orientation to preservation and aversion to over-sized structures. The majority of homes were built in the late 19th and early 20th century (with a few dating to the revolutionary war) and the town has worked hard to preserve the ambience of earlier times in the face of rapid over-development in neighboring towns and worsening traffic congestion. Floor Area Ratios were adopted in the early 1980s, along with more restrictive setback, height, and impervious coverage limits. In addition to hearing the monthly variance applications during my tenure on the Zoning Board, I collaborated with the chairman on making recommendations for ordinance changes to the Planning Board and Council, and on a complete revision of the town building permit and variance applications and worksheets.

Having built a home in Palm Beach, I have an appreciation for the process and the potential impact of zoning changes on residents and I am especially interested in finding creative solutions to controversial issues. I am comfortable with architectural plans and legal zoning language, as well as investment parameters that relate to development from a commercial property owner's perspective. A desire for clarity and simplicity would inform my thinking on proposals for changes in town zoning regulations, and I would seek compromise where possible and necessary to preserve the quality of life and the architectural and cultural history of Palm Beach.

DATE: August 24, 2016

****Please note that Board/Commission applications will expire on December 15 of each year.**

PLANNING AND ZONING COMMISSION

The Planning and Zoning Commission acts in an advisory capacity to the Town Council in all matters relating to municipal planning and development. The commission is required to follow the concepts and contents of the Town's comprehensive land use plan in all planning, zoning and development related deliberations and decisions. The Commission shall also have such powers and duties as may be prescribed by Ordinance. Members of the Commission serve for terms of three years. Three alternate members of the Zoning Commission may be appointed by the Town Council who serve when called upon by the Chair of the Commission in the absence of any regular member.

Subject: Appointment to seat on Planning and Zoning Commission- Application

Attention: Town Clerk/ Town of Palm Beach;

I am writing to officially have my name submitted for consideration to a **vacant seat on the Planning and Zoning Commission**. First off, I would be honored to follow in the paths of expiring members Lew Crampton and Michael Scharf.

Briefly- I have resided in Palm Beach continuously since June 1976, having raised my family here at 142 Seaspray Avenue, with my three sons attending Palm Beach Day, before secondary school and College. I have now resided at 165 Brazilian Avenue for the past 16 years with my wife, Margrit Bessenroth-Lynn, owner of town-serving, Salon Margrit, and a member of The Board of Directors of The Chamber of Commerce of Palm Beach. The granting of Landmark status to our building at 165 Brazilian is a true honor.

As you probably know, I practiced Vascular and General/Oncological Surgery here at Good Sam and St. Marys from 1976 till I officially retired, April 30, 2013, to go on to teach full-time as Associate Professor of Surgery at Florida International University College of Medicine in Miami, driving 170 miles/day. I would still be doing that today if it had not been for a near life threatening car accident with someone smashing into me at 110 miles/hour on I-95. Fortunately, thanks to G-d, I came out essentially unscathed, with the car, totaled. The next day, in a loaner car, I was back driving to The Medical School, but after an additional 2 months more, it was clear to me that the The Lord had other plans for me, than risking the drive each and every day. During my surgical career here, on Flagler Drive, I have had the privilege of serving in leadership positions at both hospitals, on The Executive-Committee's, representing the Department of Surgery, and most recently on The Physician's Leadership Committee of Good Samaritan Hospital, at the request Of Mr Mark Nosacka, CEO of Good Samaritan, until my retirement. Professionally, I have served as President of The Florida Chapter of The American College of Surgeons from 2006-2008, representing 1500 Fellows of The American College of Surgeons (FACS) throughout the entire state. I was on The Board of Governors of The American College of Surgeons nationally from 2000-2006. Presently I serve on The Foundation Board of Directors of The American College of Surgeons. I have been in leadership positions within the Society for Vascular Surgery, the preeminent national Vascular Society, and, I am most proud to state that I

am now on the Board of Directors and Executive Committee of The SVS, the very first community practitioner to be appointed to this role in the 70 years of the society, previously only made up of academicians from university tertiary centers.

All of the above I am very proud of, *BUT*, how does that prepare me for serving on the Planning and Zoning Commission of Palm Beach? Here are a few of my thoughts about this important requirement. First off, far back during my pre-college years, it was always determined that I would pursue a career in Art, because of artistic talent, and in fact attended the very prestigious Art Students League in Manhattan. That led to my deciding to become an "*architect*", combining my art talent with my ability in mathematics. As forks in the road occur with everyone, I registered pre-med when enrolled in College, and the rest, as they say, is history, with no regrets and no looking back. I believe that that decision was stimulated by my late dear grandmother living her last dying days in our home and my frustration at not being able to help her. I bring this up to bring to your attention that I have an aesthetic/artistic trained innate ability to apply, certainly to the Commission in its deliberations, but this also contributed positively to my surgical career over nearly 40 years, with attention to detail and end results. Over the 40 years of residence here in town, I have served on The Crime Watch Board in the 1980's, was President of Temple Emanuel from 1984-1992, taking over, at age 38, from the late beloved Alan Cummings, a Town Councilman and President of Temple Emanuel, who tragically became ill at such a young age of 60 and passed away.. I am presently serving on the Board of Directors of Palm Beach Synagogue. I am and was a founding member of The Palm Beach Fellowship of Christians and Jews. At present, I am on the Board of Directors of The Greater South County Road Association. In closing let me say the following: Timing is everything in life, and I do know the commitment of time this would require, but, fortunately, at this time in my life, I do have the time and would be committed to serving to the fullest of my ability and that which would be required of me. I am, thank G-d, in excellent health. Most importantly, I love this town, have spent the last 40 years here, and have cherished each and every day its beauty and elegance and stature. Because of this long tenure here, I have the advantage of knowing its history, having seen the transitions, witnessing the debates over demolition, variances, expansion, etc...The importance of being diligent in preserving the qualities that make Palm Beach what it is and sets it apart from almost every other town in the country and the world, can not be underestimated. Be that as it may, times change, and situations develop, but, having a true compass pointing north will keep our town on the right journey for the future. I would be honored to help in this process and I believe that my surgical discipline and training, along with my artistic bent, would allow me the ability to function in a high capacity and be of service to the Town of Palm Beach. I have always been so proud of having been elected to Phi Beta Kappa, demonstrating excellence in the liberal arts and humanities, in addition to the sciences, and, I would utilize that characteristic to be of assistance to the Commission, if given the opportunity. I believe that Mayor Coniglio, Councilman Pucillo, Town Attorney Skip Randolph, to mention a few, would vouch for my commitment to the Town of Palm Beach.

I will enclose for you my CV and look forward to your consideration.
Respectfully,

RICHARD A. LYNN, M.D., F.A.C.S., R.P.V.I.

Be that as it may, times change, and situations develop, but, having a true compass pointing north will keep our town on the right journey for the future. I would be honored to help in this process and I believe that my surgical discipline and training, along with my artistic bent, would allow me the ability to function in a high capacity and be of service to the Town of Palm Beach. I have always been so proud of having been elected to Phi Beta Kappa, demonstrating excellence in the liberal arts and humanities, in addition to the sciences, and, I would utilize that characteristic to be of assistance to the Commission, if given the opportunity. I believe that Mayor Coniglio, Councilman Pucillo, Town Attorney Skip Randolph, to mention a few, would vouch for my commitment to the Town of Palm Beach.

I will enclose for you my CV and look forward to your consideration.

Respectfully,

RICHARD A. LYNN, M.D., F.A.C.S., R.P.V.I.

1967-1969**

**Clinical Retrospective Review of Entire
Experience of Roosevelt Vascular Surgical
Service - Aortoiliac Occlusive Disease -
(Cumulative patency rates were 98.0% at one
year and 94.6% at three years. Over a period
of 11.5 years, 140 patients were operated upon
for aortoiliac disease, 81 had combined system
disease.)**

**Sponsor: Robert J. Mulcare, M.D.
Thomas S. Royster, M.D.
October 1, 1974 - May 1, 1976
Department of Surgery
Columbia University College of
Physicians and Surgeons
The Roosevelt Hospital
New York, New York**

**Combined system disease was studied with
particular emphasis on the relief of present-
ing symptoms by an aortic bypass procedure
alone - (96.0% presenting with rest pain or
ischemic changes obtained complete relief of
symptoms. The results of this study confirmed
the efficacy of proximal flow to the profunda
as the primary therapeutic goal in patients
with combined segment disease.**

January 13, 2010

Breast Tumor Conference

Good Samaritan Medical center

1.

2. 85-year-old Male with a Dermatological Presentation of Breast Cancer

3.

4. 49-year-old Female, 5 Years Post Breast Conservation, Mammosite Balloon Partial Breast Brachytherapy and Tamoxifen with Recurrence of Invasive Ductal Carcinoma with Positive Nodes

March 3, 2010

Breast Tumor Conference

Good Samaritan Medical Center

Resectable or Nonresectable, and Why?

64-year-old woman with Carcinoma of the Head of the Pancreas

April 29, 2010

Breast Tumor Conference

Rectal Cancer in 2010: When is Resection First?

When is Neoadjuvant Therapy First?

Good Samaritan Hospital

May 6, 2010

-21-

PRESENTATIONS (CONTINUED):

Breast Tumor Conference

**Current Status of Radioactive Seeds for Localization of Nonpalpable Breast Lesions –
Can This and Should This Replace Wire Needle Localization?**

Good Samaritan Hospital

May 19, 2010

Breast Tumor Conference

1.

2. 49-year-old female with BIRAD 4 mammogram, focus of atypia on core: Does she need excisional treatment?

Columnar cell alteration: What is the significance?

Is it related to flat epithelial atypia?

2. The role of genomic markers in early stage breast cancer: Is there a benefit vs. "cost"?

Good Samaritan Hospital

June 2, 2010

Breast Tumor Conference

86-year-old woman with triple neg moderate to poorly diff inv carcinoma frozen section sentinel node neg, permanent section positive. What to do?

Good Samaritan Hospital

July 7, 2010

Breast Tumor Conference

1.

2. 79-year-old woman L breast calcifications, core Bx atypical lobular hyperplasia with 2 addl non-Bx areas all wire loc, palp mass R and L breast, L bloody nipple discharge, multifocal/ multicentric DCIS/LCIS. What next?

3.

4. 74-year-old woman with 5 cm L axillary mass (SUV 14) 2 years post L mastectomy with 8 neg lymph nodes, now 10/13 lymph nodes PD adenocarcinoma. What next?

Good Samaritan Hospital

July 21, 2010

Breast Tumor Conference

48-year-old woman with previous high grade DCIS Comedo with foci of microinvasion with 15 negative nodes in 2002m now with extensive pericardial mediastinal masses.

Good Samaritan Hospital

November 17, 2010

Breast Tumor Conference

Report on the Radioactive Seed Localized Breast Surgery Workshop from the Mayo Clinic Symposium

Good Samaritan Hospital

August 4, 2010

-22-

PRESENTATIONS (CONTINUED):

Breast Tumor Conference

Results of American College of Surgeons Oncology Group Study Z0011 Randomized Trial

Locoregional Recurrence After Sentinel Lymph Node Dissection With or Without Axillary Dissection in Patients With Sentinel Lymph Node Metastases

Good Samaritan Hospital

September 15, 2010

Comprehensive Breast Centers of Excellence Symposium

The Surgical Perspective

Good Samaritan Hospital

January 27, 2011

Breast Tumor Conference

Flat Epithelial Atypia of the Breast: Characteristics and Behaviors; Surgery, Radiology, Pathology and Management

Good Samaritan Hospital

March 16, 2011

PLANNING AND ZONING COMMISSION

The Planning and Zoning Commission acts in an advisory capacity to the Town Council in all matters relating to municipal planning and development. The commission is required to follow the concepts and contents of the Town's comprehensive land use plan in all planning, zoning and development related deliberations and decisions. The Commission shall also have such powers and duties as may be prescribed by Ordinance. Members of the Commission serve for terms of three years. Three alternate members of the Zoning Commission may be appointed by the Town Council who serve when called upon by the Chair of the Commission in the absence of any regular member.

PLANNING AND ZONING COMMISSION

Application of **Michael Jay Scharf**

Question 1 – Why are you interested in serving on the Planning and Zoning Commission?

I am concerned about maintaining the unique character of Palm Beach. While not opposed to development, which will necessarily occur, I want to encourage and support development that will be sensitive to the predominant architectural styles and scale that characterize Palm Beach. I believe that I am an open-minded person with a “good eye for the aesthetic.” Having now served on the Planning and Zoning Commission for almost two years, I have learned a great deal about the Town’s zoning issues; I have been a constructive participatory member; and I have a congenial relationship with the other members of the Commission, all of whom I respect. With the necessity for reviewing the Comprehensive Plan at hand, and because of its significant impact on the future of Palm Beach, I would welcome the opportunity to have direct input into the review process as a continuing member of the Planning and Zoning Commission.

Question 12 – Why do you feel that you are qualified to serve on the Town’s Planning and Zoning Commission?

Having now served on the Planning and Zoning Commission for two years, having studied zoning issues during that time, and having developed a good working relationship with my fellow Commissioners and Town Staff, I believe that I am well qualified to continue my service on the Planning and Zoning Commission.

By way of relevant background, I first became exposed to planning and zoning issues when I was a teenager, and my father was head of the Zoning Board in the Village of Sands Point, located on the north shore of Long Island. Sands Point, a 100% residential town, had strict two-acre zoning and strict setback requirements. My father was reluctant to grant variances because he felt it was important to maintain the very distinct character of our charming village, and he recognized that if non-essential variances were granted, they could become precedential.

During my business career, I had extensive exposure and involvement with planning and zoning matters. I was a Vice President at Douglas Elliman & Co., a leading real estate firm in New York. In the United Kingdom, my industrial plants suffered because of regulation and residential encroachment, and I had to negotiate extensively with local planning authorities to rezone the properties for residential development. Edgcomb Corporation had 22 plants in the U.S. and Niagara Corporation had 6. In order to expand facilities, we often had to interface with planning and zoning authorities

TOWN OF PALM BEACH

APPLICATION FOR SERVICE ON

PLANNING AND ZONING COMMISSION

Please complete the application by typing or printing legibly in ink. Applications should be submitted to the Town Clerk (360 South County Road, Palm Beach, FL 33480, via facsimile 561-838-5417, or via e-mail clerk@townofpalmbeach.com) no later than 5 p.m., 11 calendar days prior to the Town Council meeting in which the appointment will be considered. Completion of this application requires that applicant has reviewed certain Town documents as noted in this application. Re: Planning and Zoning Commission

Dear Council Members,

If I can add value to the work of the Planning Board I would be pleased to serve on the Commission.

I believe my background and training in this area could be useful. My undergraduate degree at Brown University was in Architectural History and I received a Masters in Architecture from Harvard University Graduate School of Design. I also taught at Harvard as a TA. I served 5 years on the N.Y. A.I.A. Preservation Committee.

As an architect I've interacted with numerous planning and zoning boards in many states as well as abroad. From that experience I've learned a lot....including that there is no "one answer". Planning and Zoning to me is as much Art as Science. It is fluid and is always evolving.

I am also a chairman of the board of advisors at the College for Creative Studies in Detroit. Being part of "Team Detroit" has exposed me to some of the most innovative planning and zoning concepts being undertaken in the US today.

The desire to **preserve** and the need to **progress** can work together if one can bring **Innovation** and **creativity** to the table. I currently give a lecture series at Columbia Business School called "Innovate or Die" on this topic.

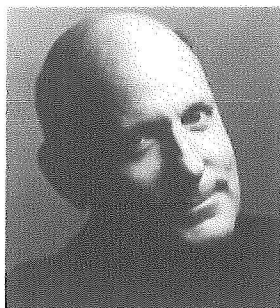

My home in Shelter Island is an historic building and I serve as the Chairman of the Planning Commission for the Village of Dering Harbor which should present no conflicts as it only meets one or two times a year and always in the summer. I also am part owner of a famous landmarked restaurant in NY.

My parents lived in Palm Beach for 30 year and I for 10. My wife Mary and I have now Home- steaded here.

I know that attending the numerous meeting is important and will make every effort to meet this obligation. I have sat in on a number of town council meeting this year which have been very educational for me. I have no "agenda" other than to share my knowledge and ability to get good things done. I think I can offer some Innovative ideas to this lovely town.

Thank you for your consideration.

Kenneth Walker, FAIA

130 Sunrise, Unit 506
Palm Beach, FL 33480

Kenneth Walker is an industry leader in retail design noted for his ability to blend strategy, creativity and broad vision, in formulating innovative solutions to serve his clients' needs. Over the course of his career, Ken has helped many of the world's major department stores, mass marketers and specialty retailers translate their marketing objectives into three-dimensional design that communicates effectively to consumers.

In 1970, Ken founded WalkerGroup, which later became WalkerGroup/CNI and was acquired by WPP Group in 1987. WalkerGroup/Designs was established in 1980 for product development, licensing, and strategic design services. In 1993, Ken also founded Retail Options, Inc. (ROI) a retail consultancy.

He is also the creator of 01-01-00™, The Mark of the Millennium, which became internationally recognized symbol for this global celebration.

Since 2012, Ken has been an Operating Partner in TRAUB, a global retail consultancy.

He is a graduate of Brown University, where he studied Art History and Fine Arts, and Harvard University Graduate School of Design, where he earned his Masters in Architecture. Ken has taught at the Rhode Island School of Design, Harvard, MIT and the Architectural Association in London. He is also a lecturer at Columbia University Business School.

Ken was elected a Fellow of the American Institute of Architects, is a charter member of the Interior Design Hall of Fame, a member of the Young Presidents' Organization and was President of the Alumni Council, Harvard G.S.D. He served on the Architectural Design Committee of the Museum of Modern Art and the Advisory Committee of the Cooper Hewitt National Design Museum. Since 2011, he has served as Chairman of the Board of Advisors for the College of Creative Studies in Detroit. A consummate car guy, Ken has been involved in motor racing since he was 16 years old.

Susan Watts

Attachment A

Statement of Interest and Background

Response to Application Items 1 and 12

Planning and Zoning Commission Application

During my tenure on the Planning and Zoning Commission as an Alternate Member, I've gained valuable insights about the role the Planning and Zoning Commission plays as an advisory body to our Town Council. As an appointed, citizen body representing the community, the Commission relies on the guidance and experience of our knowledgeable staff for their input. That process enables the Commission to give unbiased and thoughtful recommendations to the Town Council.

As many Town leaders have recently pointed out, Palm Beach is at a critical juncture in making planning and zoning decisions. The rapid and expansive development in West Palm Beach will bring increased stress on our infrastructure and Town services, and could dramatically impact Palm Beach residents. The Commission is faced with making recommendations based not only on our Comprehensive Plan but on existing and future policy decisions vital to protecting our fragile barrier island.

Since my background includes a Master in Public Administration degree from the Kennedy School of Government at Harvard University, I am prepared to contribute to the Planning and Zoning Commission in deliberating these important issues and making sound, responsible recommendations to our Town Council.

Contributing to my community to the best of my ability is a driving force and a principle I've long held. Addressing issues of growth and development in order to preserve quality of life and core, founding principles must be a central element in making Planning and Zoning recommendations. If given the honor of an appointment as a Member of the Planning and Zoning Commission, I will act in an impartial and thoughtful capacity. I look forward to continue serving and contributing to our beautiful and very special Town of Palm Beach which my husband and I are fortunate to call our home.
