Town of Palm Beach, Florida

September 8, 2026

Honorable Mayor, Town Council and Residents of the Town of Palm Beach,

Each year the Directors and I start the budget process by conducting a thorough review of Town operations and available resources, while looking for improved ways to meet the needs and expectations of the community.

The proposed FY2027 budget is the result of Town Management and department efforts to improve efficiency and apply lean principles townwide. Once adopted, staff will carefully review each expense to ensure it is still necessary, can be deferred, can be managed more efficiently, or is being made in the most cost-effective way.

The Town Team found efficiencies where possible and produced a \$2.7 million surplus in FY2025. The majority of this surplus has been earmarked for projects in FY2027. These projects included additional funding for paving projects for phases completed with the Undergrounding project. For FY2027, we are proposing a budget which contains additional staffing to meet the operational and service needs of the community as outlined by the Town Council and members of Town staff. The slow down in the real estate market continues as additional revenue from property taxes continues to decline. More detail on proposed expenditures and revenues are contained later in the summary. This year staff has been busy implementing new initiatives and working on many significant projects. These include:

- ▶ The Town was named a 2026 South Florida Top Workplaces Winner by the South Florida Sun Sentinel, making it the third year in a row that it was designated a Top Workplace Winner. This award is earned solely through the voices of our employees and their feedback about our leadership, communication, employee engagement, respect, professional development, and organizational values. The Town of Palm Beach was one of only four local government agencies (cities, towns, or municipalities) recognized among the 170 winners.
- ▶ The Town received the 2026 Culture Excellence Award, recognizing excellence in leadership, purpose and values, employee appreciation, well being, work life flexibility, and compensation and benefits.
- ▶ The Town has been recognized with the Government Finance Officers Association's (GFOA) prestigious Triple Crown for Excellence in Financial Reporting for fiscal year 2024. Only 50 government organizations (including municipalities, counties, utility districts, and school districts) in the State of Florida earned this recognition. This distinction is awarded to governments that have received all three of the following GFOA honors:
 - Certificate of Achievement for Excellence in Financial Reporting,
 - Popular Annual Financial Reporting Award, and
 - Distinguished Budget Presentation Award.

- ▶ The IT Department continues to update cybersecurity measures while maintaining and upgrading the IT infrastructure; plus supporting the Town staff.
- ▶ The Town was the recipient of the National Procurement Institute Achievement of Excellence in Procurement Award in 2025 making it the sixth consecutive time the Town has received this award. This prestigious annual award is earned by those organizations that demonstrate excellence by obtaining a high score based on criteria designed to measure innovation, professionalism, productivity, e-procurement, and leadership attributes of the procurement organization. The Town was one of ninety-three cities nationwide and one of thirty-nine cities statewide to achieve this award.
- ▶ The Town received the Florida Association of Public Procurement Officer's Award of Excellence in Public Procurement for the fifth year in a row in 2025. The annual award that recognizes government agencies in Florida that demonstrate exceptional innovation, professionalism, e-procurement, productivity, and leadership
- ▶ Planning, Zoning and Building (PZB) Department implemented the State Milestone Inspection Program, advanced zoning reforms (including four groups of "quick fixes" and ten adopted ordinances) and • Adopted an updated Comprehensive Plan to balance growth and protect quality of life.
- ▶ The Town-wide undergrounding project finished construction of Phase 4 South, Phase 5 North, Phase 5 South, Phase 6 North and South and Phase 7 North during FY26. During FY27 work will continue on Phases 7 South and Phase 8. The entire project is expected to be completed in calendar year 2027. Paving will be done in Phase 7 South and 8 in FY 28.
- ▶ Police modernized traffic and parking enforcement systems to improve safety and convenience for residents and visitors, introduced new anchoring rules and strengthened marine patrols to protect waterways and ensure safe navigation. The department also expanded the Town-wide camera network and launched the Real Time Crime Center, giving officers real-time intelligence that improves safety and speeds response are leading the efforts in implementing the Town's proposed comprehensive parking plan and integrated advanced analytics that resulted in the Criminal Investigations Unit earning national recognition for investigative excellence
- ▶ Fire Rescue has been strengthening community engagement through Public Safety Day, Citizen Fire Academy, and youth programs while receiving various national awards and recognitions, including the American Heart Association's Mission: Lifeline® EMS Gold Plus Achievement Award and the Target: Heart Attack™ Honor Roll, which are among the nation's highest recognitions for prehospital cardiac care. The department has also received recognition for excellence in advanced resuscitation through its evidence-based EMS protocols.
- ▶ The Mandel Recreation Center projections indicate that this year's recreation revenues are expected to be close to the record high figures achieved in fiscal year 2025.
- ▶ The Town has started the implementation of its new ERP system, which is scheduled for completion in fiscal year 2027.
- ▶ Par 3 Pro shop sales set a record of close to \$1 million of retail sales, earning a nomination for National PGA Award in recognition of excellence in merchandising, staff service and overall customer experience.

management practices that strengthen its ability to prepare for, withstand, and recover from both natural and human-caused disasters.

- IT continues a strategic shift toward Cloud and SaaS-based solutions, aligning with the Town's long-term objective of enhancing system resilience and scalability. Additionally, the expansion of 10G fiber services across Town facilities strengthens network capacity and performance enhancing reliability and real-time data transmission for essential Public Works, Police and Fire Rescue operations.

General Fund

FY27 General Fund Revenues

Property Taxes

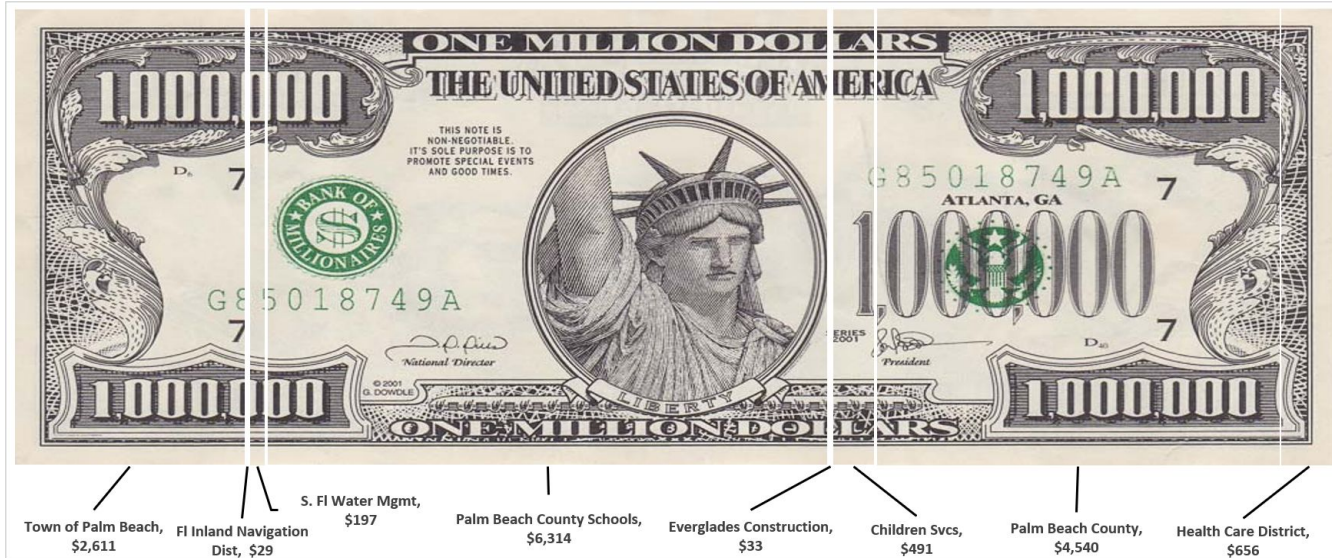

FY26 Property Taxes

The General Fund is the only fund to directly use property taxes as a revenue source. Property taxes (ad valorem taxes) represent the largest revenue source. The Town's portion of the total millage rate in FY2026 was 17.6%. This means for every \$100 paid in taxes only \$17.60 stayed in the Town.

Below are the taxing districts and the adopted millage rates for FY2026 with the total amount of taxes paid to each of the districts by Palm Beach Property owners. The largest beneficiaries of property taxes paid by Town of Palm Beach property owners are Palm Beach County and the Palm Beach County School District, which together collect 73.0% of all property taxes. The Town of Palm Beach follows with 17.6% while the remaining 9.4% is distributed among other taxing districts.

Taxing Authority	FY26 Adopted Millage Rates	Taxes Per \$1 Million Value	% of Total Tax Bill	Total Taxes Paid by Palm Beach Property Owners

The total taxes paid per million of taxable value in the Town in FY26 was \$14,871, unchanged from FY25. Of that total taxes paid, \$2,611 stayed in the Town to pay for services and the remaining \$12,260 went to other taxing districts. A breakdown by taxing district for a \$1 million property using the FY26 tax rates is shown on the following chart.

FY27 Millage Rate

Below is a millage rate table that shows the FY27 proposed rate versus the FY26 millage rate. The proposed FY27 millage rate of 2.6110 represents a 0.00% change from FY26 and a \$75 increase in taxes per million for homesteaded properties. It also represents a \$238 increase for non-homestead properties based on the 10% cap, as defined by State law, for these properties.

General Fund Revenues

The FY26 revenue budget estimates were conservative. For FY26, to date, some of the revenue sources are exceeding budget expectations. The FY27 proposed revenues represent a moderate increase over FY26. The revenue budget by type for the General Fund for FY27 compared to FY26 is shown on the table below:

Revenue	FY2026	FY2027	FY26 vs FY27 Difference	% Change

Significant highlights for General Fund FY27 revenues include:

- ▶ The Property Appraiser's 2026 Preliminary Tax Roll Certification, issued on July 1, 2026, showed existing property taxable values in the Town have risen 8.99% over the prior year. The total taxable value is now \$37,726,741,045.

FTE Totals	398.64	403.05	4.42	1.10%

Highlights for General Fund expenditures are as follows:

Total operating expenditures increased \$7,702,455 or 8.49% from FY26. Total transfers and other expenses increased \$2,128,155 or 5.81%. Details of the changes are as follows:

Operating Expenditures:

- ▶ Tentatively, \$2,729,864 has been earmarked to pay for increased salary and wages, and the increase in FTEs allocated to the General Fund of 4.42 (see full description later in the document). This increase also includes merit and step increases and a cost-of-living lump sum payment (COLA). In 2022, the Town adopted a policy using the Social Security COLA calculation as the method to determine the annual COLA rather than focusing on a one-month snapshot, which could result in abnormal spikes. We use the average of the CPI index for the Miami-Ft. Lauderdale-West Palm Beach area for the last three reporting periods. (This CPI index is reported every other month).
 - Using this methodology the COLA for FY27 would be 2.9%. Included in this proposed budget is a 2.9% non-pensionable lump sum payment. Paying out 2.9% as a non-pensionable lump sum would help curb any impacts to the pension fund and assist in keeping salaries in line with the assumptions in the actuarial forecasts.
- ▶ We are also including market adjustments for Police and Fire-Rescue personnel to ensure they remain at the 85th percentile and a 3% market adjustment for General Employee ranges to maintain internal equity and market competitiveness. Additional information regarding compensation changes can be found later in this message under “Compensation Update”.
- ▶ The total annual required contribution for the defined benefit plan (DB) and defined contribution (DC) pension benefits increased in the general fund by a total of \$448,831.
- ▶ Other employee benefit costs increased by \$954,774 or 7.79%. Total Town funding for health insurance increased by \$799,997 with \$690,766 of the increase allocated to the General Fund. Health Insurance costs are calculated and then allocated throughout the budget on a per Full-Time Equivalent (FTE) basis. The health costs per FTE for FY27 are \$19,781.
- ▶ FICA tax increased by \$197,204 due to the increase in the salary budget. The Longevity/Bonus program increased by \$156,866. New employees are not eligible for bonus until they have worked for the Town for 5 years.
- ▶ Included in Other Employee Benefits is the Transfer to the OPEB trust. The transfer to the OPEB trust fund increased by \$47,203.
- ▶ The increase in contractual costs, \$1,684,927, is primarily due to
 - \$330,000 for legal advice and litigation,
 - \$505,882 for public safety equipment costs,
 - \$195,000 for Bank Service Charges
 - \$425,664 for increased utility expenses.

These adjustments align the budget more closely with current spending trends.

- ▶ The increase in commodities of \$175,224 is mostly due to higher vehicle maintenance of \$59,750, and other supply budget increases and decreases.
- ▶ Depreciation/Capital outlay costs increased \$999,651.
- ▶ The funding for the Four Arts Library will increase by \$12,217. This funding is now tied to CPI or 3%, whichever is lower.

Transfers and Other:

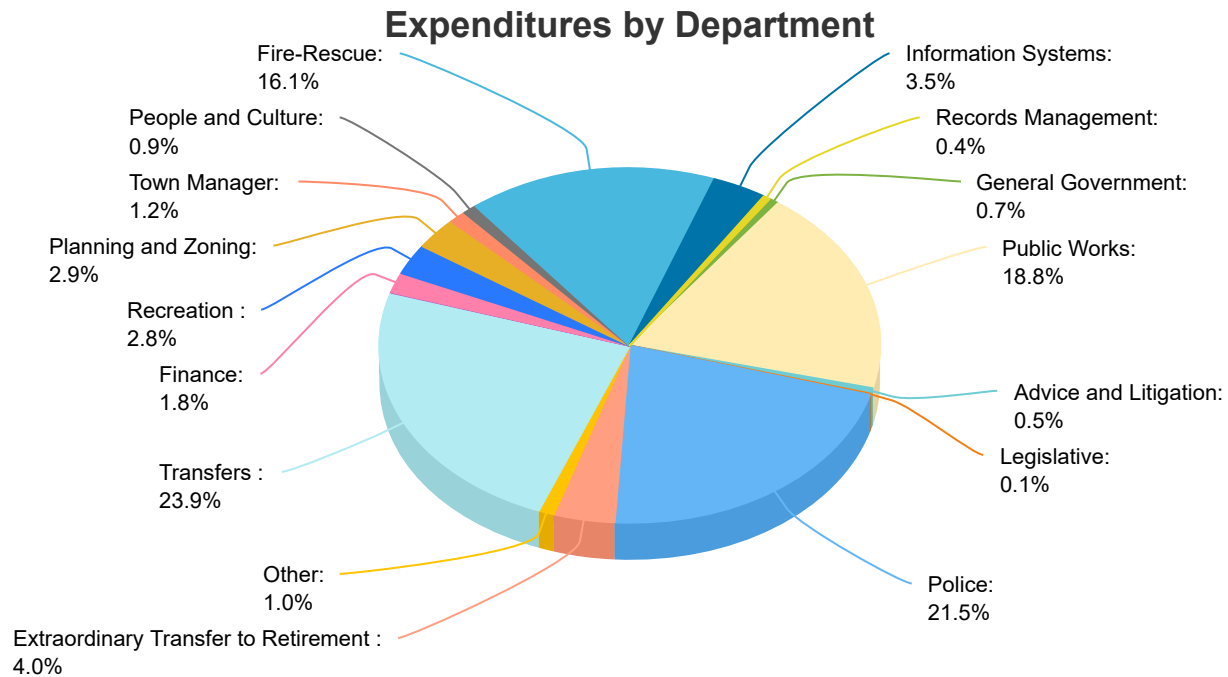

- ▶ The transfer to the Risk Fund remains the same for FY27.
- ▶ The annual transfer to the Capital Improvement Fund (CIP) increased by \$520,967 or 3.46%, to \$15,570,967. This transfer will be used to fund major projects such as:
 - D-2 Drainage project - \$700,000,
 - Paving Phases 7 S - \$2,000,000,
 - 21 Ejector Stations - \$4,000,000
 - A-42, A-43 and E-3 Sanitary Sewer Pump systems - \$5,180,000,
 - Renovating the Police and South Fire Stations - \$1,225,000,
 - Other projects funded from prior year transfers will also be worked on by Public Works in FY27.
- ▶ The transfer to the debt service fund decreased \$13,764.
- ▶ Coastal funding increased by 18% or \$1,408,735 to \$9,079,061. The transfer will provide funding for:
 - Mid-Town Seawall Replacement,
 - Seawall and Bulkhead repair or replacement
 - Sea Turtle Nesting Monitoring,

Please see the Coastal Budget section for more information about the budget and forecasted expenditures and revenues.

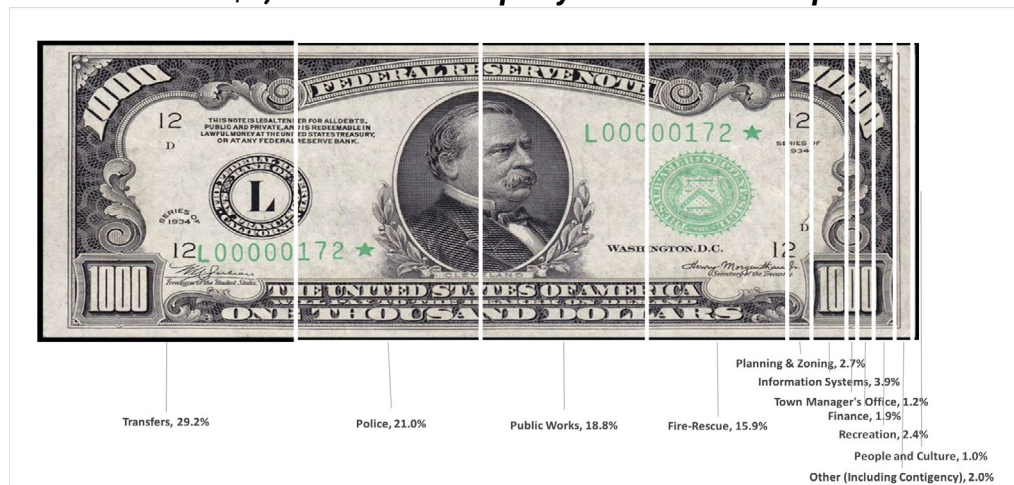

- ▶ The extraordinary transfer to the retirement fund to accelerate improvements to the UAAL remained at \$5,420,000.
- ▶ Contingency increased by \$200,000 or 28.57%. Absent extraordinary unforeseen circumstances, this amount should be enough to cover unexpected expenditures.

Departmental Expenditures

The three largest departments, Police, Fire-Rescue and Public Works, account for over 56.3% of the Town budget. The transfers mentioned on the prior page account for another 27.9%, for a total of 84.2% of the total Town budget. All other general government and administrative departments make up the balance of 15.8%. The following charts provide a graphic example of expenditures by each department and transfers.

How each \$1,000 of Town Property Tax Revenue is spent

General Fund Balance

The General Fund Unassigned Fund Balance as of September 30, 2025, was \$39,710,429. This amount was \$3,136,858 above the policy-required minimum. The FY27 budget includes a transfer of \$900,000 from fund balance to fund contingencies. Estimated compensated absence payouts totaling \$650,000 will be paid from the reserve for compensated absences. Total excess reserves in the Town's remaining funds as of September 30, 2025, were \$16,478,311.

For FY26, revenues are in line with the budget estimates at 87.3% through April, and expenditures are in line with budget estimates at 59.4%.

Compensation Update

People & Culture is in the process of conducting the regular annual market assessment for public safety to ensure that the Town's pay ranges remain at the 85th percentile. All Sworn and certified positions will be included in this study.

Thirty-Three (33) percent of all General employee positions have been studied and the majority required some adjustments to the scale and/or incumbent's salaries. It bears emphasizing that the current market for talent in the public sector is highly competitive, and if the Town wishes to attract and retain exceptional employees, such studies and adjustments will be required over the coming months/years. As planned in FY26, another thirty-three (33) percent of positions will be reviewed in the coming year.

People & Culture is also recommending that the general employee salary scales be adjusted upwards by 3% to avoid pay crowding at the top of each scale.

Personnel Complement

Total Full Time Equivalent (FTE) positions include full-time and part-time employees (PTNB) with no benefits. The total FTE for all funds for FY27 is 403.050, which is a net increase of 4.415 FTE from the adopted FY26 budget. The increases in FTEs in FY27 are made up of the following changes in full-time and part-time positions:

Department	Roles	# FTEs	Comments
Recreation	Tennis Attendant (Part Time)	(0.435)	Annual Adjustments
Public Works	Landscape Foreman	1.000	Transitioning Landscaping Function to In-House for cost savings
Public Works	Landscaper	2.000	Transitioning Landscaping Function to In-House for cost savings
Building Fund	Building Plan Reviewer	1.000	Reduce review times ensuring compliance with state regulations
Marina	Dock Attendant	0.850	Transition from Part Time to Full Time
Total FTE additions		4.415	

Other Funds

Below are highlights from the budgets for other Town funds. Additional information can be found at the tabs in the back of the Budget Document behind the General Fund information. The Town's other funds include Special Revenue, Debt Service, Capital Improvement Funds, Enterprise Funds (Marina, Par 3 Golf Course and Building Enterprise Fund), Internal Service Funds (Health, Risk, and Equipment Replacement), and Trust Funds (Pension and OPEB Trusts).

Special Revenue Fund (122) Town-wide Underground Utility Project

The Town-wide Underground Utility Project fund accounts for the project costs and associated assessments and borrowings for the project. During FY27 work will continue on Phases 7 South.. The entire project is expected to be completed in FY2027.

The annual transfer of Marina surplus funds to offset prior project deficits will be \$8.0 million in the FY27 budget.

Debt Service Funds (205, 206)

The Debt Service Funds provide for the payment of principal and interest on the Town's outstanding bonds. The 2013, 2016A and 2019 Series Revenue Bond debt service is funded from non-ad valorem revenues. A portion of the debt service payment is funded through the Par 3 Enterprise Fund for the Town's portion of the golf course and clubhouse renovation (\$185,564), and a portion is funded through the Coastal

Management Fund (\$512,778). The non-ad valorem revenue transfer from the General Fund for FY27 is \$5,859,010.

The 2016B Series Revenue Bonds debt service appropriation of \$716,538 is funded through non ad valorem assessments on the property owners within the Worth Avenue Assessment District.

The Town has issued General Obligation bonds for the Underground Utility Project. These bonds shall be payable first from the Underground Utility Project Special Assessments. Total debt service for FY27 on these bonds will be \$4,562,742 and is included in the Town-wide Underground Utility project fund.

In 2020, the Town issued non ad valorem debt totaling \$31,000,000 through a bank loan for the Marina construction project at an interest rate of 2.25%. The debt service for FY27 will be \$1,996,500 and paid through the Marina fund.

The Town's outstanding debt, as of September 30, 2026 is shown in the table below.

Year Issued	Outstanding Principal Balance September 30, 2026	Purpose
2016A	\$ 29,560,000	First Phase of the ACIP and Refund Outstanding Debt
2016B	\$ 7,540,000	Worth Avenue Commercial District Project
2013	\$ -	Remaining Balance on Second Phase of ACIP
2018	\$ 45,880,000	General Obligation Bonds for Townwide Undergrounding Project

2021	\$ 7,190,000	General Obligation Bonds for Townwide Undergrounding Project
Total	\$ 158,540,000	

As of September 30, 2026, the Town's net bonded debt will amount to 8.4% of the legal limit of \$1,886,337,052 (5% of preliminary FY27 taxable value of \$37,726,741,045).

- ✦ Water Main Improvements (WPB) – \$1,000,000 (Funded by West Palm Beach)
- ✦ Water Feasibility Study - \$100,000

The transfer from the General Fund to the Capital Improvement Fund is \$15,570,967 and increased by \$520,967 from FY26.

Coastal Management

The Coastal Management Fund (309) is used to fund the construction costs of the coastal projects. The details of the FY27 budget for Coastal Management can be found in the Budget Document. This plan has been updated by Public Works to include estimates for future projects based upon current costs. The plan includes annual operating costs, as well as planned projects. Also included in this budget is annual funding of \$1,000,000 per year for the next ten years for seawall or bulkhead repair or replacement. We are proposing an increase in the annual funding for the coastal program of \$1,408,735 or 18.37% increase over FY26.

Worth Avenue Special Assessment District

The budget for the Worth Avenue Special Assessment District is included in the Capital Funds and the Debt Service section of the budget document. The budget includes funding for maintenance and debt service. These costs are fully offset by the assessments charged to property owners within the district.

Enterprise Funds (401, 402, 405)

Town Marina

Town Marina reopened for new vessels on November 1, 2021. FY26 has been a very successful year. The success is due in part to improvements in branding, marketing, and financial planning. The FY27 revenue budget is projected to increase 5.5%, or \$846,402 to \$16,194,215. The operating expenditure budget has increased 11.1%, or \$368,303 due to the part-time dock attendant position being upgraded to a full-time dock attendant to enhance service levels at the Marina. Non operating expenditures include a \$8 million transfer to the Underground Utility Fund.

Par 3 Golf Course

The FY27 fee adjustments include strategic increases to green fees and passes, designed to capitalize on player demand. The Par 3 Golf Course anticipates an operating gross profit of \$1,576,397 prior to depreciation and other below the line expenses. Deductions from the operating profit include transfers for debt service, \$185,564 and contingency, \$184,853.

Building Enterprise Fund

The Building Enterprise Fund was created in FY21 to account for all building permit revenue and expenses and allow for greater transparency as required by the State of Florida. During FY20, a cost allocation study was performed to confirm the appropriate permit fee multiplier to stay consistent with Florida Statutes and to provide the basis for implementing reduced permit fees for owners and contractors that choose to use private providers on their construction projects. FY26 revenues are trending to be higher than budget and will provide for a surplus. Total revenues for FY27 are conservatively estimated to be \$11,515,000 and total operating expenses are \$14,454,491, which includes a transfer to the General Fund of \$8,802,527, which is for the allocated costs that the General Fund provides to the building permit process. Building permit related revenues have increased by \$1,210,500 due to the anticipated stabilization of building activity. After depreciation of \$95,000 there is a projected reduction in reserves of \$3,317,089.

Internal Service Funds (501, 502, 320)

Risk Fund

The transfer to the Risk Fund (501) remained the same for FY27.

Health Insurance Fund

The transfer from all funds to the Health Insurance Fund (502) has increased \$800,000 or 10% due to recent higher than normal claims experience. Since FY23 the fund has lost \$5,664,371 of fund balance. The increase in health care costs, especially pharmaceuticals, over the last few years will continue for the foreseeable future.

In FY23 the Town re-established the Town Clinic, located at the Public Works facility in West Palm Beach. The increase in Clinic services, contracted out to Concentra, will provide minor urgent care and primary care services to all employees, ultimately impacting claims and reducing the overall claims expense in the upcoming and future years. The return on investment will not be realized until we can review future claims experience.

Equipment Replacement Fund

The Equipment Replacement Fund (320) contains the accumulated depreciation of all fixed assets over the established thresholds of \$5,000 for capital equipment and \$3,000 for computer equipment. A detailed listing of planned equipment purchases is located in the Internal Service Funds section of the Proposed Budget Document.

In FY27, the Equipment Replacement Fund budget continues to include an IT Project Manager position that will be overseeing the implementation of the new Enterprise Resource Planning (ERP) software.

Trust Funds (600 & 610)

Retirement

The FY27 actuarially determined contribution to the Defined Benefit (DB) plan totals \$16,595,900. The contribution increased \$343,499 due to investment returns for FY26 and benefit updates in FY25.

The budget also contains the \$5,420,000 extraordinary contribution to the retirement plan. The funded ratio increased from 73.8% to 76.5% and the unfunded liability decreased from \$104,135,219 to \$97,351,755. Assuming all assumptions are realized the total Town contributions to the retirement system, including the extra Town contributions of \$5.42 million per year, are expected to be in the range of \$22.0 to \$16.8 million over the next 6 years and are then projected to decline to around \$8.5 million in FY35.

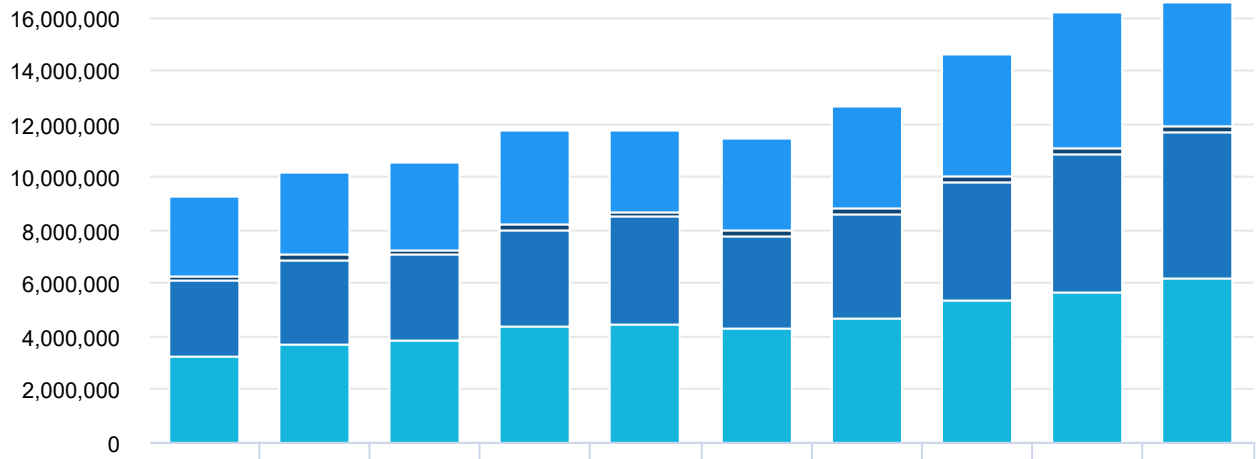

The Town contribution amounts by employee group are shown below versus the FY26 contribution. Legacy plan costs represent \$9,794,464 (60.3%) of the total and the costs for the ongoing plan are \$6,801,436 (39.7%).

Employer Contribution (ADEC)

The 10-year trend for employee contributions to the Defined Benefit plan is shown below:

Employee Contributions

Based on pension changes, the Town no longer provides a hybrid plan for public safety employees. For General Employees and Lifeguards, the Town contributes a mandatory match of 3% and an optional match of 2% to the Defined Contribution (DC) plan. With recent pension changes employees may opt in to a DC only plan. For general employees and lifeguards the mandatory contribution for this plan is 3% with an employer match of 10%. Public Safety employees opting in for the DC only option contribute 3% and the Town will match 16%. Total employer contributions to the DC plan are shown in the table below:

OPEB Trust

The actuarially determined transfer to the OPEB trust from the General Fund in the FY27 budget is \$943,811. This amount is \$47,203 more than FY26. The funded ratio in the October 1, 2024 actuarial report was 112.3% at the 5% rate of return.

The Town's balance in the OPEB trust fund continues to be well ahead of other government agencies across the country.

STAFF RECOMMENDATION

Staff recommends Town Council adopt Resolution No. 98-2026, which is the preliminary assessment resolution for the proposed maintenance assessments for the Peruvian Avenue 400 Block Streetscape Project Assessment Area in FY2027.

GENERAL INFORMATION

The non-ad valorem assessment process that causes special assessments implemented by the Town to appear on a property owner's property tax bill dovetails with the statewide budget and millage rate adoption schedule. Accordingly, it is time to begin the formal steps of implementing the FY2027 proposed maintenance assessments for the Peruvian Avenue 400 Block Streetscape Project Assessment Area that will appear on a property owner's tax bill mailed on or about November 1. By adopting Resolution No. 98-2026 you will be initiating a process whereby each affected property owner will be advised of the amount of their proposed improvement and maintenance assessments and the date, time, and place of the public hearing to adopt the final assessment and associated assessment roll on the Property Appraiser's TRIM notice and by letter from the Town issued in late August of this year.

The Peruvian Avenue 400 Block Streetscape Project net maintenance assessment for FY2027 has been calculated as follows:

Cost Description	

Original Principal	\$ 1,224,759.00
Outstanding Principal	\$ -
Estimated Maintenance Expenses 10/1/26-9/30/27	\$ 27,000.00
Estimated Attorney Fees	\$ 1,000.00
Estimated Postage (\$.78 x 132 properties)	\$ 100.00
Estimated PB Post Advertisement	\$ 1,400.00
Property Appraiser Administrative Fees	\$ 150.00
Final FY2027 Total Net Assessment	\$ 29,650.00

To employ a defensible assessment methodology to ensure that property owners are only paying costs in proportion to the benefits they derive from the improvements, we used the most common methodology in use throughout Florida, called the Linear Front Footage method of assessment. Resolution No. 98-2026 confirms the continued use of the Linear Front Footage methodology and finds that the project improvements will provide a special benefit to all Tax Parcels located within the Peruvian Avenue Assessment Area.

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is 1% of the value of the assessments. The Property Appraiser fee for FY2027 is \$150.00, which has been included as shown above. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order to net the \$100 needed.

The additional 5 percent is attributable as follows:

Tax Collector = 1%

Potential early property tax bill payment discount = 4%

Total = 5%

After adding the above percentages to the Town's proposed FY2027 net assessment of \$29,650.00, the gross total assessment is \$31,138.55.

Resolution No. 98-2026 formally initiates the process to implement the intended assessments for FY2027. The resolution describes the property to be assessed, the improvements and related services provided, determines the estimated cost to be assessed for the fiscal year commencing on October 1, delineates which properties will be assessed, and, among other things, directs staff to take certain required steps to effectuate the assessment process. The final public hearing will begin at 5:01 p.m. in the Town Hall Council Chambers on September 8, 2026.

Resolution No. 98-2026 is attached hereto. The FY2027 Preliminary Assessment Roll and estimated assessments for this project are indicated in Appendix C of Resolution No. 98-2026. These estimates are subject to change as all items associated with the assessment are finalized for the property owner's notice and the Final Assessment Resolution to be considered in September.

The notices that property owners will receive from the Town prior to the final public hearing via first-class mail and the TRIM notice provided by the Property Appraiser alert the property owner to their right to object or call to the Town's attention any mistakes that they believe may have been made in applying the assessment formula to any given property. The law recognizes the difficulties that can exist in the assessment process and creates a check and balance in the process whenever an assessment is proposed for the first time or there is an increase in the cost or method in calculating the assessment.

FUNDING/FISCAL IMPACT

All direct costs borne by the Town to accomplish this project are paid for by the property owners whose properties benefit from the project improvements, as opposed to all property owners in the Town.

STAFF RECOMMENDATION

Staff recommends Town Council adopt Resolution No. 99-2026, which is the preliminary assessment resolution for the proposed improvement (debt service) and maintenance assessments for the Worth Avenue Commercial District Assessment Area in FY2027.

GENERAL INFORMATION

The non-ad valorem assessment process that causes special assessments implemented by the Town to appear on a property owner's property tax bill dovetails with the statewide budget and millage rate adoption schedule. Accordingly, it is time to begin the formal steps of implementing the FY2026 proposed capital and maintenance assessments for the Worth Avenue Commercial District Assessment Area that will appear on a property owner's tax bill mailed on or about November 1. By adopting Resolution No 99-2026 you will be initiating a process whereby each affected property owner will be advised of the amount of their proposed improvement and maintenance assessments and the date, time, and place of the public hearing to adopt the final assessment and associated assessment roll on the Property Appraiser's TRIM notice and by letter from the Town issued in late August of this year.

The Worth Avenue Commercial District net improvement and maintenance assessment for FY2027 has been calculated as follows:

Cost Description	

Original Principal	\$ 14,770,000.00
Outstanding Principal	\$ 7,960,000.00
Scheduled Principal Payment	\$ 420,000.00
Scheduled Interest Payment	\$ 293,888.00
Bond Compliance Reporting Fees	\$ 3,825.00
Estimated Maintenance Expenses 10/1/26-9/30/27	\$ 640,370.00
Estimated Attorney Fees	\$ 1,000.00
Estimated Postage	\$ 100.00
Estimated PB Post Advertisement	\$ 1,400.00
Property Appraiser Administrative Fees	\$ 150.00
Use of Accumulated Fund balance	\$ (20,000.00)
Offsetting Revenue (\$5K Garden Club, \$1K Interest)	\$ (10,000.00)
FY2027 Total Net Assessment	\$ 1,330,733.00

To employ a defensible assessment methodology to ensure that property owners are only paying costs in proportion to the benefits they derive from the improvements or costs related to the improvements, we again used the methodology developed in 2010 by Special District Services, which was previously found by the Town Council to provide benefits from the improvements that were/are in proportion to the assessments to be allocated to each benefited property and that the apportionment of the special benefits to each benefited property is fair and reasonable.

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is 1% of the value of the assessments. The Property Appraiser fee for FY2027 is \$150.00, which has been included as shown above. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by a like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order to net the \$100 needed.

The additional 5 percent is attributable as follows:

- Tax Collector – 1%
- Potential early property tax bill payment discount – 4%
- Total – 5%

After adding the above percentages to the Town's proposed FY2027 net assessment of \$1,330,733.00, the gross total assessment is \$1,397,313.08.

Resolution No. 99-2026 formally initiates the process to implement the intended assessments for FY2027. The resolution describes the property to be assessed, the improvements and related services to be provided, determines the estimated cost to be assessed for the fiscal year commencing on October 1, delineates which properties will be assessed, and, among other things, directs staff to take certain required steps to effectuate the assessment process. The final public hearing will begin at 5:01 p.m. in the Town Hall Council Chambers on September 8, 2026.

Resolution No. 99-2026 is attached hereto. The FY2027 Preliminary Assessment Roll and estimated assessments for this project are indicated in Appendix C of Resolution No. 99-2026. These estimates are subject to change as all items associated with the assessment are finalized for the property owner's notice and the Final Assessment Resolution to be considered in September.

The notices that property owners will receive from the Town prior to the final public hearing via first-class mail and the TRIM notice provided by the Property Appraiser alert the property owner to their right to object or call to the Town's attention any mistakes that they believe may have been made in applying the assessment formula to any given property. The law recognizes the difficulties that can exist in the assessment process and creates a check and balance in the process whenever an assessment is proposed for the first time or there is an increase in the cost or method in calculating the assessment.

FUNDING/FISCAL IMPACT

All direct costs borne by the Town to accomplish this project are paid for by the properties benefitting from the project improvements as opposed to all property owners in the Town.

Section 4: **APPROVAL OF ASSESSMENT ROLLS.**

(A) The Improvement Assessment Roll and Maintenance Assessment Roll for the Worth Avenue Assessment Area, which are attached hereto as Appendix D and incorporated herein by reference, are hereby approved for the Fiscal Year commencing on October 1, 2026.

(B) Additionally, the Improvement Assessment Roll and Maintenance Assessment Roll, as approved, include those Tax Parcels of Assessed Property within the Worth Avenue Assessment Area that cannot be set forth in the Improvement Assessment Roll and Maintenance Assessment Roll due to the provisions of Section 119.071(4), Florida Statutes, concerning exempt "home addresses."

Section 5: **ASSESSMENTS TO FUND THE PROJECT COST AND MAINTENANCE COST OF THE WORTH AVENUE IMPROVEMENT PROJECT.**

(A) The assessable portion of the Tax Parcels included in the Improvement Assessment Roll and Maintenance Assessment Roll are hereby found to be specially benefited by the design, construction, and installation of the Worth

Avenue Improvement Project and the related Maintenance in the amount of the maximum annual Assessments set forth in the assessment rolls.

(B) Adoption of this Annual Assessment Resolution constitutes a legislative determination that all parcels assessed derive a special benefit, as set forth in the Code, the Initial Assessment Resolution, and the Final Assessment Resolution, from the provision of the Worth Avenue Improvement Project and related Maintenance and a legislative determination that the Assessments are fairly and reasonably apportioned among the Assessed Properties that receive the special benefit as set forth herein.

(C) The methodology set forth in the Preliminary Rate Resolution for computing the Improvement Assessments and Maintenance Assessments, respectively, are hereby approved and found to be a fair and reasonable method of apportioning the Project Cost and Maintenance Cost among the benefited properties.

(D) For the Fiscal Year commencing October 1, 2026, the estimated Maintenance Cost is \$643,675.06, which is further divided between the EVU Maintenance Cost allocated to the Aesthetic Infrastructure Improvements of \$519,428.61 and the Land Area Maintenance Cost allocated to the Basic Infrastructure Improvements of \$124,246.45. Pursuant to the Initial Assessment Resolution and Final Assessment Resolution, Improvement Assessments were levied and imposed to be collected in 30 annual installments commencing with the ad valorem tax bill that was mailed in November 2010, and annual Maintenance Assessments are hereby levied and imposed on all Tax Parcels within the Worth Avenue Assessment Area at the maximum annual assessment rates computed in accordance with the Initial Assessment Resolution, Final Assessment Resolution, and Preliminary Rate Resolution.

Section 6: **ASSESSMENT LIENS.** Upon adoption of this Annual Rate Resolution:

(A) The Assessments shall constitute a lien against the assessed property equal in rank and dignity with the liens of all state, county, district or municipal taxes and other non-ad valorem assessments. Except as otherwise provided by law, such lien shall be superior in dignity to all other liens, titles, and claims until paid. The lien shall be deemed perfected upon adoption by the Town Council of this Annual Rate Resolution and shall attach to the property included on the Assessment Rolls as of the prior January 1, the lien date for ad valorem taxes.

(B) As to any Tax Parcel that is acquired by a public entity through condemnation, negotiated sale or otherwise prior to adoption of the next Annual Rate Resolution, the Prepayment Amount shall constitute a lien against assessed property equal in rank and dignity with the liens of all state, county, district or municipal taxes and other non-ad valorem assessments. Except as otherwise provided by law, such lien shall be superior in dignity to all other liens, titles, and claims, until paid. The lien shall be deemed perfected upon adoption by the Town Council of the Annual Rate Resolution and shall attach to property included on the Improvement Assessment

Roll upon adoption of the Annual Rate Resolution.

Section 7: **COLLECTION OF ASSESSMENTS.**

(A) The Assessments shall be collected pursuant to the Uniform Assessment Collection Act.

(B) Upon adoption of this Annual Rate Resolution, the Town Manager shall cause the certification and delivery of the Assessment Rolls to the Tax Collector by September 15, in the manner prescribed by the Uniform Assessment Collection Act.

(C) The Assessment Rolls, as delivered to the Tax Collector, shall be accompanied by a Certificate to Non-Ad Valorem Assessment Roll in substantially the form attached hereto as Appendix C.

Section 8: **EFFECT OF ANNUAL RATE RESOLUTION.** The adoption of this Annual Rate Resolution shall be the final adjudication of the issues presented herein and in the Preliminary Rate Resolution unless proper steps are initiated in a court of competent jurisdiction to secure relief within 20 days from the date of the Town Council action on this Annual Rate Resolution.

Section 9: **CONFLICTS.** All resolutions or parts of resolutions in conflict with any of the provisions of this Annual Rate Resolution are hereby repealed to the extent of any conflict.

Section 10: **SEVERABILITY.** If any clause, section or provision of this Resolution shall be declared unconstitutional or invalid for any reason or cause, the remaining portion of said Resolution shall remain in full force and effect and be valid as if such invalid portion thereof had not been incorporated herein.

Section 11: **EFFECTIVE DATE.** This Resolution shall take effect immediately upon its adoption.

**NOTICE OF HEARING TO REIMPOSE AND PROVIDE FOR COLLECTION
OF SPECIAL ASSESSMENTS IN THE WORTH AVENUE ASSESSMENT AREA TO PROVIDE FOR THE
WORTH AVENUE IMPROVEMENT PROJECT AND OTHER RELATED SERVICES**

Notice is hereby given that the Town Council of the Town of Palm Beach will conduct a public hearing to consider reimposing non-ad valorem special assessments for the provision of maintenance of the Worth Avenue Improvement Project within the boundaries of the Worth Avenue Assessment Area for the Fiscal Year beginning October 1, 2026, and future fiscal years, and approval of the non-ad valorem capital assessment roll for the construction of the Worth Avenue Improvement Project and the assessment roll for the maintenance thereof.

The hearing will be held at 5:01p.m. on September 8, 2026, in the Town of Palm Beach Town Council Chambers, Town Hall, 360 South County Road, Palm Beach, Florida, for the purpose of receiving public comment on the special assessments. All affected property owners have a right to appear at the hearing and to file written objections with the Town Council within 20 days of this notice.

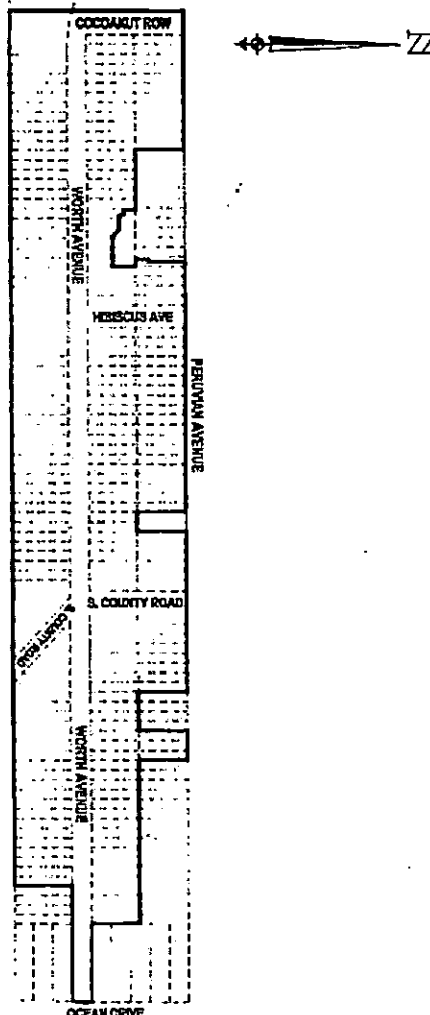

Pursuant to section 286.0105, Florida Statutes, if you decide to appeal any decision made by the Town Council with respect to any matter considered at the hearing or at any subsequent meeting to which the Town Council has continued its deliberations, you will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. In accordance with the Americans with Disabilities Act, persons needing a special accommodation or an interpreter to participate in this proceeding should contact the Town Manager's Office at (561) 838-5410 or through the Florida Relay Service by dialing 1-800-955-8770 for voice callers or 1-800-955-8771 for TDD callers, at least two (2) business days prior to the date of the hearing.

The assessment for each parcel of property will be based in part on the amount of Land Area on the Tax Parcel and in part on the Taxable Value of the Tax Parcel as these were assigned at the initiation of the assessment program at the time of the adoption of the Initial Assessment Resolution (Resolution No. 74-10). A more specific description of the improvements and maintenance activities and the method of computing the assessment for each parcel of property are set forth in the Initial Assessment Resolution (Resolution No. 74-10) and the Final Assessment Resolution (Resolution No. 98-10). Copies of Chapter 90, Article II of the Town Code, the Initial Assessment Resolution, the Final Assessment Resolution (Resolution No. 98-10), the Preliminary Rate Resolution, and the updated Assessment Roll for the upcoming fiscal year are available for inspection at the office of the Town Manager, located at Town Hall, 360 South County Road, Palm Beach, Florida.

The assessments will be collected on the ad valorem tax bill to be mailed in November 2026, as authorized by section 197.3632, Florida Statutes. Failure to pay the assessments will cause a tax certificate to be issued against the property which may result in a loss of title. The Town Council intends to collect the capital assessments in thirty (30) annual installments, the first of which was included on the ad valorem tax bill to be mailed in November 2010. The Town Council intends to impose and collect the maintenance assessments on an annual basis. Unless proper steps are initiated in a court of competent jurisdiction to secure relief within 20 days from the date of Town Council's action at the above hearing (including the method of apportionment, the rate of assessment and the imposition of maintenance assessments), such action shall be the final adjudication of the issues presented.

If you have any questions, please contact the Town Manager's Office at (561) 838-5410, Monday through Friday between 8:30 a.m. and 5:00 p.m.

STAFF RECOMMENDATION

Staff recommends the Mayor and Town Council adopt Resolution No. 100-2026, which is the Annual Rate Resolution for the proposed assessments for the Nightingale/La Puerta Underground Assessment Area in FY2027.

GENERAL INFORMATION

The Nightingale/La Puerta Underground Utilities net assessment for FY2027 has been calculated as follows:

Cost Description	
Original Principal	\$ 1,104,560.00
Revised Principal following project completion and FPL credit	\$ 962,644.11
Outstanding Principal	\$ 619,119.69
Anticipated Funding Agreement Required Principal Payment	\$ 29,481.89
Estimated Interest Payment @ 3.97%	\$ 24,579.05
Interest Rate Surcharge @ 1%	\$ 6,191.20
Estimated Attorney Fees	\$ 350.00

Estimated PB Post Advertisement	\$ 1,700.00
Property Appraiser Administrative Fees	\$ 150.00
Final FY2027 Total Net Assessment	\$ 62,452.14

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is 1% of the value of the assessments. The Property Appraiser fee for FY2027 is \$150.00, which has been included as shown above. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by a like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order to net the \$100 needed.

The additional 5 percent is attributable as follows:

- Tax Collector - 1%
- Potential early property tax bill payment discount - 4%
- Total - 5%

After adding the above percentages to the Town's proposed FY2027 net assessment of \$62,452.14, the gross total assessment is \$65,739.21.

Resolution No. 100-2026 implements the intended Nightingale/La Puerta Underground Utilities assessments for FY2027. The resolution, among other things:

- references the property to be assessed;
- references past Town Council actions to properly effectuate Nightingale/La Puerta Underground Utilities assessments;
- adopts the updated assessment roll for the fiscal year commencing on October 1, 2026;
- reimposes the assessments;
- provides for Proof of Publication;
- if applicable, provides an executed Affidavit of Mailing executed by staff;
- provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

The final public hearing will begin at 5:01 p.m. on Monday, September 8, 2026, in Town

Council Chambers. Property owners receive notice of this hearing from the TRIM notice provided by the Property Appraiser, which alerts the property owner to the amount of the annual assessment and to the date, time and place of the public hearing, so that they may exercise their right to be heard to object or call to the Town's attention any mistakes that they believe may have been made in applying the assessment formula to any given property.

FUNDING/FISCAL IMPACT

All direct costs borne by the Town to accomplish this project are paid for by the properties benefited by the project improvements as opposed to all property owners in the Town. Since completion of this project, the principal amount has been lowered from original estimates.

Date: 8/20/2025

STAFF RECOMMENDATION

Staff recommends the Mayor and Town Council adopt Resolution No. 101-2026 which is the Annual Rate Resolution for the proposed assessments for the Lake Towers Assessment Area in FY2026.

GENERAL INFORMATION

The Lake Towers net assessment for FY2027 has been calculated as follows:

Cost Description	
Original Principal	\$ 310,268.00
Outstanding Principal	\$ 91,406.38
Anticipated Funding Agreement Required Principal Payment	\$ 8,309.67
Estimated Interest Payment @ 3.97%	\$ 3,628.83
Interest Rate Surcharge @ 1%	\$ 914.06
Estimated Attorney Fees	\$ 350.00
Estimated PB Post Advertisement	\$ 1,500.00
Property Appraiser Administrative Fees	\$ 150.00

Final FY2027 Total Net Assessment	\$ 14,852.56

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is 1% of the value of the assessments. The Property Appraiser fee for FY2027 is \$150.00, which has been included as shown above. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order to net the \$100 needed.

The additional 5 percent is attributable as follows:

- Tax Collector - 1%
- Potential early property tax bill payment discount - 4%
- Total - 5%

After adding the above percentages to the Town's proposed FY2027 net assessment of \$14,852.56, the gross total assessment is \$15,634.56.

Resolution No. 101-2026 implements the intended Lake Towers assessments for FY2027. The resolution among other things:

- references the property to be assessed;
- references past Town Council actions to properly effectuate Lake Towers assessments;
- adopts the updated assessment roll for the fiscal year commencing on October 1, 2026;
- reimposes the assessments;
- provides for Proof of Publication;
- if applicable, provides an executed Affidavit of Mailing executed by staff;
- provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

The final public hearing will begin at 5:01 p.m. on Monday, September 8, 2026, in Town Council Chambers. Property owners receive notice of this hearing from the TRIM notice provided by the Property Appraiser, which alerts the property owner to the amount of the annual assessment and to the date, time and place of the public hearing, so that they

may exercise their right to be heard to object or call to the Town's attention any mistakes that they believe may have been made in applying the assessment formula to any given property.

FUNDING/FISCAL IMPACT

All direct costs borne by the Town to accomplish this project are paid for by the properties benefited by the project improvements as opposed to all property owners in the Town.

WHEREAS, the Town Council also adopted Resolution No. 151-2017, the Final Assessment Resolution for Assessments in the Lake Towers Assessment Area (the "Final Assessment Resolution"), confirming the Initial Assessment Resolution with such amendments deemed necessary by the Town Council, imposing the Improvement Assessments, providing for collection of the Improvement Assessments in twenty (20) annual installments, and approving the Improvement Assessment Roll; and

WHEREAS, pursuant to the provisions of the Code, the Town Council is required to adopt an Annual Rate Resolution for each Fiscal Year to approve the assessment roll for such Fiscal Year; and

WHEREAS, as required by the Code, notice of a public hearing has been published and mailed, if required, to each property owner proposed to be assessed, notifying such property owner of the opportunity to be heard concerning the assessments; the proof of publication and an affidavit of mailing are attached hereto as Appendices A and B respectively; and

WHEREAS, a public hearing has been duly held on September 8, 2026, and comments and objections of all interested persons have been heard and considered as required

by the terms of the Code.

NOW, THEREFORE BE IT RESOLVED BY THE TOWN COUNCIL of the Town of Palm Beach, Palm Beach County, Florida, as follows:

Section 1: **AUTHORITY.** This Annual Rate Resolution is adopted pursuant to the Code; the Initial Assessment Resolution; the Final Assessment Resolution; Sections 166.021 and 166.041, Florida Statutes; Article VIII, Section 2, Florida Constitution; the Town of Palm Beach Charter; and other applicable provisions of law.

Section 2: **PURPOSE AND DEFINITIONS.**

(A) This Resolution is the Annual Rate Resolution as defined in the Code.

(B) All capitalized terms in this Annual Rate Resolution shall have the meanings defined in the Code, Initial Assessment Resolution, as amended, and the Final Assessment Resolution, unless the context clearly indicates an alternative meaning.

(C) Unless the context indicates otherwise, words importing the singular number include the plural number, and vice versa; the terms "hereof," "hereby," "herein," "hereto," "hereunder" and similar terms refer to this resolution; and the term "hereafter" means after, and the term "heretofore" means before, the effective date of this resolution. Words of any gender include the correlative words of the other genders, unless the sense indicates otherwise.

Section 3: **APPROVAL OF ASSESSMENT ROLL.**

(A) The Improvement Assessment Roll, which is attached as Appendix D and incorporated herein by reference, is hereby approved for the Fiscal Year commencing on October 1, 2026.

(B) Additionally, the Improvement Assessment Roll, as approved, includes those Tax Parcels of Assessed Property within the Lake Towers Assessment Area that cannot be set forth in that Assessment Roll due to the provisions of Section 119.071(4), Florida Statutes, concerning exempt "home addresses."

Section 4: **ASSESSMENTS TO FUND THE UNDERGROUND UTILITY IMPROVEMENTS.**

(A) The Tax Parcels included in the Improvement Assessment Roll are hereby found to be specially benefited by the provision of the Underground Utility Improvements in the amount of the annual Improvement Assessment set forth in the Improvement Assessment Roll.

(B) Adoption of this Annual Assessment Resolution constitutes a legislative determination that all parcels assessed derive a special benefit, as set forth in the Code, the Initial Assessment Resolution, and the Final Assessment Resolution, from the provision of the Underground Utility Improvements and a legislative

determination that the Improvement Assessments are fairly and reasonably apportioned among the Assessed Properties that receive the special benefit as set forth herein.

(C) The methodology set forth in Sections 3.02 and 4.04 of the Initial Assessment Resolution, as approved in the Final Assessment Resolution, for assigning Assessment Units and computing the Improvement Assessments is hereby confirmed and found to be a fair and reasonable method of apportioning the Project Cost among the benefited properties.

(D) As established at the time the Assessments were imposed pursuant to the Initial Assessment Resolution and Final Assessment Resolution, for the Fiscal Year beginning October 1, 2026, the Project Cost shall continue to be allocated among all Tax Parcels in the Lake Towers Assessment Area, based upon each parcel's assignment of Assessment Units. Improvement Assessments were levied and imposed on all Tax Parcels within the Lake Towers Assessment Area in the manner described in the Initial Assessment Resolution and approved in the Final Assessment Resolution, to be collected in not to exceed 20 annual installments, commencing with the ad valorem tax bill that was mailed in November 2017.

Section 5: ASSESSMENT LIENS. Upon adoption of this Annual Rate Resolution:

(A) The Improvement Assessments shall constitute a lien against the assessed property equal in rank and dignity with the liens of all state, county, district or municipal taxes and other non-ad valorem assessments. Except as otherwise provided by law, such lien shall be superior in dignity to all other liens, titles, and claims until paid. The lien shall be deemed perfected upon adoption by the Town Council of this Annual Rate Resolution and shall attach to the property included on the Improvement Assessment Roll as of the prior January 1, the lien date for ad valorem taxes.

(B) As to any Tax Parcel that is acquired by a public entity through condemnation, negotiated sale or otherwise prior to adoption of the next Annual Rate Resolution, the Prepayment Amount shall constitute a lien against assessed property equal in rank and dignity with the liens of all state, county, district or municipal taxes and other non-ad valorem assessments. Except as otherwise provided by law, such lien shall be superior in dignity to all other liens, titles, and claims, until paid. The lien shall be deemed perfected upon adoption by the Town Council of the Annual Rate Resolution and shall attach to property included on the Improvement Assessment Roll upon adoption of the Annual Rate Resolution.

Section 6: COLLECTION OF ASSESSMENTS.

(A) The Improvement Assessments shall be collected pursuant to the Uniform Assessment Collection Act.

(B) Upon adoption of this Annual Rate Resolution, the Town Manager shall cause the certification and delivery of the Improvement Assessment Roll to the Tax

Collector by September 15, in the manner prescribed by the Uniform Assessment Collection Act.

(C) The Improvement Assessment Roll, as delivered to the Tax Collector, shall be accompanied by a Certificate to Non-Ad Valorem Assessment Roll in substantially the form attached hereto as Appendix C.

Section 7: **EFFECT OF ANNUAL RATE RESOLUTION.** The adoption of this Annual Rate Resolution shall be the final adjudication of the issues presented herein unless proper steps are initiated in a court of competent jurisdiction to secure relief within 20 days from the date of the Town Council action on this Annual Rate Resolution.

Section 8: **CONFLICTS.** All resolutions or parts of resolutions in conflict with any of the provisions of this Resolution are hereby repealed to the extent of any conflict.

Section 9: **SEVERABILITY.** If any clause, section or provision of this Resolution shall be declared unconstitutional or invalid for any reason or cause, the remaining portion of said Resolution shall remain in full force and effect and be valid as if such invalid portion thereof had not been incorporated herein.

Section 10: **EFFECTIVE DATE.** This Resolution shall take effect immediately upon its adoption.

PASSED AND ADOPTED in a special, adjourned session of the Town Council of the Town of Palm Beach assembled on the 8th day of September, 2026.

STAFF RECOMMENDATION

Staff recommends the Mayor and Town Council adopt Resolution No. 102-2026, which is the Annual Rate Resolution for the proposed assessments for the Via Fontana Underground Assessment Area in FY2027.

GENERAL INFORMATION

The non-ad valorem assessment process that causes special assessments implemented by the Town to appear on a property owner's property tax bill dovetails with the statewide budget and millage rate adoption schedule. Accordingly, it is time to begin the final steps of implementing the FY2027 proposed debt service and maintenance assessments for the Via Fontana Underground Assessment Area that will appear on a property owner's tax bill mailed on or about November 1. By adopting Resolution No. 102-2026, you will be concluding a process whereby each affected property owner was advised of the amount of their proposed improvement and maintenance assessments and the date, time, and place of this public hearing to adopt the final assessment and associated assessment roll on the Property Appraiser's TRIM notice issued in August of this year.

The Via Fontana net assessment for FY2027 has been calculated as follows:

Cost Description	
Original Principal	\$ 224,672.15
Outstanding Principal	\$ 67,401.50

Anticipated Funding Agreement Required Principal Payment	\$ 11,233.61
Estimated Interest Payment @ 3.97 %	\$ 2,675.84
Interest Rate Surcharge @ 1%	\$ 674.02
Estimated Attorney Fees	\$ 350.00
Estimated PB Post Advertisement	\$ 1,400.00
Property Appraiser Administrative Fees	\$ 150.00
Final FY2027 Total Net Assessment	\$ 16,483.47

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is 1% of the value of the assessments. The Property Appraiser fee for FY2027 is \$150.00, which has been included as shown above. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order to net the \$100 needed.

The additional 5 percent is attributable as follows:

- Tax Collector - 1%
- Potential early property tax bill payment discount - 4%
- Total - 5%

After adding the above percentages to the Town's proposed FY2027 net assessment of \$16,483.47, the gross total assessment is \$17,307.66.

Resolution No. 102-2026 implements the intended Via Fontana assessments for FY2026. The resolution among other things:

- references the property to be assessed;
- references past Town Council actions to properly effectuate Via Fontana assessments;
- adopts the updated assessment roll for the fiscal year commencing on October 1, 2026;
- reimposes the assessments;
- provides for Proof of Publication;

- if applicable, provides an executed Affidavit of Mailing executed by staff;
- provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

The final public hearing will begin at 5:01 p.m. on Monday, September 8, 2026, in Town Council Chambers. Property owners received notice of this hearing from the TRIM notice provided by the Property Appraiser, which alerts the property owner to the amount of the annual assessment and to the date, time and place of the public hearing, so that they may exercise their right to be heard to object or call to the Town's attention any mistakes that they believe may have been made in applying the assessment formula to any given property.

FUNDING/FISCAL IMPACT

All direct costs borne by the Town to accomplish this project are paid for by the properties benefited by the project improvements as opposed to all property owners in Town.

NOW, THEREFORE BE IT RESOLVED BY THE TOWN COUNCIL of the Town of Palm Beach, Palm Beach County, Florida, as follows:

Section 1: **AUTHORITY.** This Annual Rate Resolution is adopted pursuant to the Code; the Initial Assessment Resolution; the Final Assessment Resolution; Sections 166.021 and 166.041, Florida Statutes; Article VIII, Section 2, Florida Constitution; the Town of Palm Beach Charter; and other applicable provisions of law.

Section 2: **PURPOSE AND DEFINITIONS.**

(A) This Resolution is the Annual Rate Resolution as defined in the Code.

(B) All capitalized terms in this Annual Rate Resolution shall have the meanings defined in the Code, Initial Assessment Resolution, as amended, and the Final Assessment Resolution, unless the context clearly indicates an alternative meaning.

(C) Unless the context indicates otherwise, words importing the singular number include the plural number, and vice versa; the terms "hereof," "hereby," "herein," "hereto," "hereunder" and similar terms refer to this resolution; and the term "hereafter" means after, and the term "heretofore" means before, the effective date of this resolution. Words of any gender include the correlative words of the other genders, unless the sense indicates otherwise.

Section 3: **APPROVAL OF ASSESSMENT ROLL.**

(A) The Improvement Assessment Roll, which is attached as Appendix D and incorporated herein by reference, is hereby approved for the Fiscal Year commencing on October 1, 2026.

(B) Additionally, the Improvement Assessment Roll, as approved, includes those Tax Parcels of Assessed Property within the Via Fontana Assessment Area that cannot be set forth in that Improvement Assessment Roll due to the provisions of Section 119.071(4), Florida Statutes, concerning exempt "home addresses."

Section 4: **ASSESSMENTS TO FUND THE UNDERGROUND UTILITY IMPROVEMENTS.**

(A) The Tax Parcels included in the Improvement Assessment Roll are hereby found to be specially benefited by the provision of the Underground Utility Improvements in the amount of the annual Improvement Assessment set forth in the Improvement Assessment Roll.

(B) Adoption of this Annual Assessment Resolution constitutes a legislative determination that all parcels assessed derive a special benefit, as set forth in the Code, the Initial Assessment Resolution, and the Final Assessment Resolution, from the provision of the Underground Utility Improvements and a legislative

The lien shall be deemed perfected upon adoption by the Town Council of this Annual Rate Resolution and shall attach to the property included on the Improvement Assessment Roll as of the prior January 1, the lien date for ad valorem taxes.

(B) As to any Tax Parcel that is acquired by a public entity through condemnation, negotiated sale or otherwise prior to adoption of the next Annual Rate Resolution, the Prepayment Amount shall constitute a lien against assessed property equal in rank and dignity with the liens of all state, county, district or municipal taxes and other non-ad valorem assessments. Except as otherwise provided by law, such lien shall be superior in dignity to all other liens, titles, and claims, until paid. STAFF RECOMMENDATION

Staff recommends the Mayor and Town Council adopt Resolution No. 103-2026, which is the Annual Rate Resolution for the proposed assessments for the Town-wide Underground Utility Assessment Area in FY2027.

GENERAL INFORMATION

The Town-wide Undergrounding Utility project is being financed by a General Obligation Bond, backed with both a GO and special assessment pledge.

The non-ad valorem assessment process that causes special assessments implemented by the Town of appear on a property owner's tax bill dovetails with the statewide budget and millage rate adoption schedule. Accordingly, it is time to begin the final steps of implementing the FY2026 proposed capital and maintenance assessments for the Town-wide Undergrounding Utility Assessment Area that will appear on a property owner's tax bill mailed on or about November 1. By adopting Resolution No. 103-2026, you will be concluding a process whereby each affected property owner was advised of the amount of their proposed improvement and maintenance assessments and the date, time, and place of this public hearing to adopt the final assessment and associated assessment roll on the Property Appraiser's TRIM notice issued in late August of this year.

To meet Florida case law requirements for a valid special assessment, we used the apportionment methodology developed by Raftelis Financial Consultants, Inc. These legislative findings, along with the Town Council's independent knowledge of the Town and other project-based information, were considered when the Town Council established the selected apportionment methodology set forth in Resolution 090-2017.

The methodology is designed to provide an equitable method of funding the Underground Utility Improvements by fairly and reasonably allocating the cost to specially benefitted property based upon the amount of Equivalent Benefit Units or EBUs attributable to each parcel of property. The EBUs are allocated among three special benefit components – safety, reliability and aesthetics based upon the proportionate numbers of EBUs in each category. Each parcel of affected property is then assigned safety, reliability and aesthetic EBUs based upon certain identified property characteristics (size, occupant density, location to existing facilities, etc.) as more specifically described in Section 3.02 of Resolution 090-2017.

The Town-wide Undergrounding project is projected to have an 8-year build out period. The plan of financing the project included an initial Line of Credit, and the issuance of long-term General Obligation bonds. The assessment amount has been calculated based on General Obligation Debt in the amount of \$90 million over 30 years at an estimated interest rate of 3.81% which totals approximately \$5,080,000.

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. Each constitutional officer charges a fee for the work they undertake on the Town's behalf that is estimated to be up to 1% of the value of the annual assessments for the Tax Collector and \$150 for the Property Appraiser. These costs are passed on to the property owner being assessed. In addition, since a property owner can receive a 4% discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by a like amount to ensure the sum needed to pay expenses is realized in full. Administrative costs including legal, postage and advertising, assessment consulting fees and software programming charges have been added to the assessment, totaling \$5,000. The additional required amounts added to the debt service amount of \$5,080,000 are detailed as follows:

Cost Description	
Assessment Amount, Adjusted for Prepayments, for \$90 million debt at 3.81% over 30 years	\$3,848,857.49
Administrative Costs	\$ 9,249.53
Early Payment Discount at 4% and Tax Collector Charge	\$ 203,068.02
Final FY2027 Total Assessment	\$ 4,061,175.04

Resolution No.103-2026 implements the intended Town-wide Underground Utility assessments for FY2027. The resolution among other things:

- references the property to be assessed;
- references past Town Council actions to properly effectuate Town-wide Underground Utility Project assessments;
- adopts the updated assessment roll for the fiscal year commencing on October 1, 2026;

- reimposes the assessments;
- provides for Proof of Publication;
- if applicable, provides an executed Affidavit of Mailing executed by staff;
- provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

The final public hearing will begin at 5:01 p.m. on Monday, September 8, 2026, in Town Council Chambers. Property owners received notice of this hearing from the TRIM notice provided by the Property Appraiser, which alerts the property owner to the amount of the annual assessment and to the date, time and place of the public hearing, so that they may exercise their right to be heard to object or call to the Town's attention any mistakes that they believe may have been made in applying the assessment formula to any given property.

FUNDING/FISCAL IMPACT

The total assessments for FY2027 on the Final Assessment Roll are \$ 4,061,175.04.

STAFF RECOMMENDATION

Town staff recommends Town Council adopt Resolution No. 104-2026, which is the Annual Assessment Rate Resolution for the proposed Non-Ad Valorem Service Assessments for the Commercial Solid Waste Collection rates in FY2027.

GENERAL INFORMATION

The Non-Ad Valorem Assessment process that causes special assessments implemented by the Town to appear on a property owner's property tax bill, dovetails with the statewide budget and millage rate adoption schedule. Accordingly, it is time to begin the final steps of implementing the FY2027 proposed service assessments for the collection of commercial solid waste that will appear on a property owner's tax bill mailed on or about November 1, 2026. By adopting Resolution No. 104-2026, you will be concluding a process whereby each affected property owner was advised of the amount of their proposed service assessment and the date, time, and place of this public hearing to adopt the final assessment and associated assessment roll on the Property Appraiser's TRIM notice issued in late August of this year, and by letter from the Town in late August.

The Commercial Solid Waste Collection Non-Ad Valorem Assessment for FY2027 uses a rate analysis methodology by the Town using the Palm Beach County Solid Waste Authority's reporting and is calculated as follows:

Service for 5-day customers	\$438,020

Service for 7-day customers	\$385,792
Service for apartments	\$158,825
Total Assessment Revenues	\$982,637
Total Direct Cost for Commercial Solid Waste Collection	\$634,984
Disposal Cost (\$42/ton collected)	\$303,961
Total Net Cost	\$938,945

To employ a defensible assessment methodology to ensure that property owners are only paying costs in proportion to the benefits they derive from the services or costs related to the services, we use the methodology developed in 2003 which was previously found by the Town Council to provide benefits from the services that were/are in proportion to the assessments to be allocated to each benefitted property, and that the apportionment of the special benefits to each benefitted property is fair and reasonable.

In order to place assessments on the property tax bill, which virtually assures that the Town will receive payment and avoid having to create an internal billing and collection function, a number of steps are required to be taken in coordination with the Tax Collector and Property Appraiser. The Tax Collector charges a fee for the work they undertake on the Town's behalf that is one percent (1%) of the value of the assessments. These costs are passed on to a property owner being assessed. In addition, since a property owner can receive a four percent (4%) discount for early payment of their property tax bill in November of each year, the assessments have to be adjusted upward by like amount to ensure the sum needed to pay expenses is realized in full. All totaled, for every \$100 in assessments the Town needs to collect, the assessment will be approximately \$105 in order to net the \$100 needed.

The additional five percent (5%) is attributable as follows:

- Tax Collector = 1%
- Potential early property tax bill payment discount = 4%
- Total = 5%

After adding the above percentages to the Town's proposed FY2027 net assessment of \$938,945, the gross total assessment is \$ 982,637.

Resolution No. 77-2026 implements the intended assessments for FY2027. The Resolution, among other things:

- References the properties to be assessed;
- References past Town Council actions to properly effectuate Commercial

Solid Waste Collection Assessments;

- Adopts the updated assessment roll for the fiscal year commencing on October 1, 2026;
- Reimposes the assessments;
- Provides for Proof of Publication;
- If applicable, provides an executed Affidavit of Mailing executed by staff;
- Provides a Certificate to Non-Ad Valorem Assessment Roll for the Mayor to sign and be transmitted to the Tax Collector of Palm Beach County.

Non-Ad Valorem Assessment rates for the commercial solid waste collection services are as follows:

	FY 2026	FY 2027
Apartments	\$ 16.30/Unit/Month	\$ 17.10/Unit/Month
Low Volume (5 day)	\$ 0.031/SF/Year	\$ 0.032/SF/Year
Medium Volume (5 day)	\$ 0.205/SF/Year	\$ 0.216/SF/Year
High Volume (5 day)	\$ 0.894/SF/Year	\$ 0.946/SF/Year
Low Volume (7 day)	\$ 0.039/SF/Year	\$ 0.044/SF/Year
Medium Volume (7 day)	\$ 0.266/SF/Year	\$ 0.292/SF/Year
High Volume (7 day)	\$ 1.161/SF/Year	\$ 1.277/SF/Year

FUNDING/FISCAL IMPACT

This is a “zero-sum” initiative, in that revenues are intended to balance/offset the costs. It is anticipated that this action will provide and generate the requisite funding. All direct costs borne by the Town to accomplish this service are paid for by the properties benefiting, as opposed to all property owners in Town.

TOWN ATTORNEY REVIEW

This format has been utilized by the Town in previous recommendations and was approved by the Town Attorney. This Resolution was prepared in a format consistent with that developed by the law firm of Nabors, Giblin, and Nickerson, which previously prepared the Town’s ordinances that established Chapter 90 of the Town Code pertaining to special assessments.

NOTICE OF HEARING TO REIMPOSE AND PROVIDE FOR COLLECTION OF SOLID WASTE SERVICE ASSESSMENTS

Notice is hereby given that the Town Council of the Town of Palm Beach will conduct a public hearing to consider reimposing non-ad valorem special assessments for the provision of solid waste collection and disposal services, facilities, and programs against commercial property and apartments within the boundaries of the Town of Palm Beach for the Fiscal Year beginning October 1, 2026.

The hearing will be held at 5:01 p.m. on September 8, 2026, in the Town of Palm Beach Town Council Chambers, Town Hall, 360 South County Road, Palm Beach, Florida, for the purpose of receiving public comment on the proposed special non-ad valorem assessments. All affected property owners have a right to appear at the hearing and to file written objections with the Town Council within 20 days of this notice.

Pursuant to section 286.0105, Florida Statutes, if you decide to appeal any decision made by the Town Council with respect to any matter considered at the hearing or at any subsequent meeting to which the Town Council has continued its deliberations, you will need a record of the proceedings and may need to ensure that a verbatim record is made, including the testimony and evidence upon which the appeal is to be made. In accordance with the Americans with Disabilities Act, persons needing a special accommodation or an interpreter to participate in this proceeding should contact the Town Manager's Office at (561) 838-5410 or through the Florida Relay Service by dialing 1-800-955-8770 for voice callers or 1-800-955-8771 for TDD callers, at least two (2) business days prior to the date of the hearing.

The assessment for your property will be based all or in part, on the type of commercial designation assigned, including apartments and the number of apartments located on a specific parcel, frequency of solid waste collection service, square footage of the property and volume of solid waste (using commercial land use volume generation rates as determined by the Solid Waste Authority of Palm Beach County and approved by the Town Council of the Town of Palm Beach).

The rates of assessment for the fiscal year commencing on October 1, 2026, are as follows:

Property and Service Type	Annual Assessment Rate	Billing Unit
Apartments	\$204.72	Per Dwelling Unit
Commercial Property - 5 Day Service		
Low Volume	\$0.032	Per Square Foot
Medium Volume	\$0.216	Per Square Foot
High Volume	\$0.946	Per Square Foot
Commercial Property - 7 Day Service		
Low Volume	\$0.044	Per Square Foot
Medium Volume	\$0.292	Per Square Foot
High Volume	\$1.277	Per Square Foot

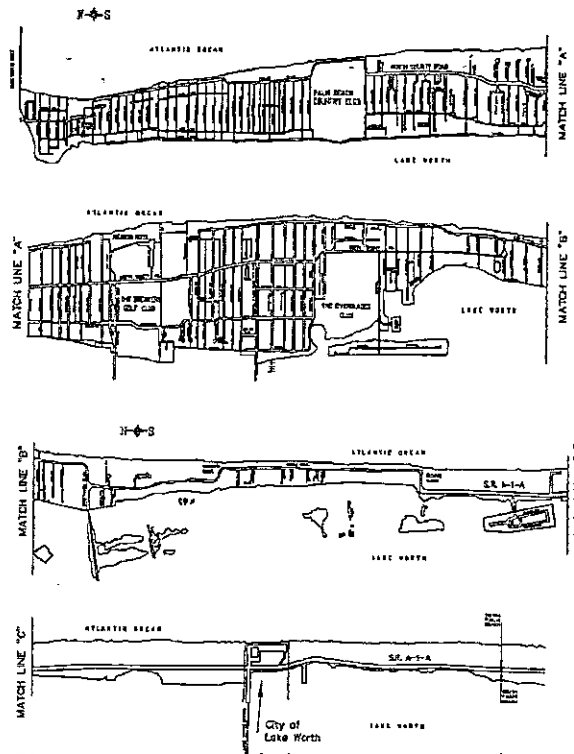

A more specific description of the services and the method of computing the assessment for each parcel of property are set forth in the Initial Assessment Resolution (Resolution No. 25-03), the Final Assessment Resolution (Resolution No. 44-03), Resolution No. 107-2017, and the Preliminary Rate Resolution for FY 26-27. Copies of Chapter 90, Article II of the Town Code, the above-mentioned resolutions, and the updated Solid Waste Assessment Roll for the upcoming fiscal year are available for inspection at the office of the Town Manager, located at Town Hall, 360 South County Road, Palm Beach, Florida.

The assessments will be collected on the ad valorem tax bill to be mailed in November 2026, as authorized by section 197.3632, Florida Statutes. Failure to pay the assessments will cause a tax certificate to be issued against the property which may result in a loss of title. Unless proper steps are initiated in a court of competent jurisdiction to secure relief within 20 days from the date of Town Council action at the above hearing (including the method of apportionment, the rate of assessment and the imposition of assessments), such action shall be the final adjudication of the issues presented.

If you have any questions, please contact the Town Manager's Office at (561) 838-5410, Monday through Friday between 8:30 a.m. and 5:00 p.m.
